## WRECK DELAYS FRENCH PARTY; NONE INJURED

Broken Rail Near Arcola, Ill., Ditches Part of Train

## CAR OCCUPIED BY GUESTS WAS SLIGHTLY DAMAGED

Schedule is Changed Bringing Party to Central Ohio For Few Hours

Eftingham, Ill., May 8.—A special train carrying the members of the French war mission to the United States arrived here early today and remained for several hours before resuming the eastward journey after the tour of the middle west. The train was tied up here for most of the night, upon the advice of officials of the department of state in Washington, that citizens of all communities where stops were originally scheduled might have an opportunity to greet the distinguished visitors.

Members of the commission said they felt no ill effects from the derailment of the party's special near Arcola, Ill., last night. Most of the commissioners were asleep before leaving Arcola, where the wreckage held the train about four hours last night, and slept until late in the morning.

Long before daylight little knots of people began to gather about the station in the hope of obtaining a glimpse of the guests.

An investigation of the track at the Arcola wreck by railway officials today disclosed a broken rail near the point where appear the first marks on the ties of the engine derailed, the second of two locomotives drawing the train. The accepted theory is that the flange cut off the nuts of the fish-plate which bound the ends of the rails and thereby permitted the rails to spread, letting the day coach, one sleeper and the front truck of the dining car down on the ties.

The wreck occurred at a point where the line is of single track construction, which had been thoroughly inspected by trackmen only a short time before the accident, one of the trackmen arriving at the scene of the wreck almost as soon as the train party left the cars.

The trucks of the day coach and the tender of the locomotive were strewn along the ditch in a mass of twisted steel. The vestibule of the Pullman car in which the mission staff and newspaper men were riding was partly telescoped. The trainmen riding in the first car had a narrow escape from serious injury when their car was dragged along the track and finally overturned. The men made their escape from the car by crawling through the windows. The first engine and tender and the second engine, minus its tender, became separated from the train when the tender left the track and escaped from the wreck, stopping several hundred feet from where the cars overturned.

After making a hurried survey of the wreck, Chief Nyre of the secret service, accompanied by newspaper men, boarded the first engine and ran to Filson from where help was summoned.

## FIGHT ON HOLLWEG CONTINUES; BLAMED FOR EARLY DEFEAT

Copenhagen (via London), May 8.—The Conservatives and Pan-Germans have now brought up their heavy artillery in the battle against Chancellor von Bethmann-Hollweg and boldly lay the blame for the long duration of the war at his door. The Conservative Deutsche Tageszeitung explains that three or four days' delay in German mobilization at the onset of the war, due to the chancellor's hesitant policy, caused the loss of the battle of the Marne.

The paper holds that the troops that were detached to stem the Russian invasion of East Prussia would have been sufficient to change the defeat of General von Kluck's army into a victory and that in that case the war would have ended in a speedy and decisive German triumph. The Tageszeitung goes on to declare that the chancellor threw away a second chance of terminating the war by opposing ruthless submarine warfare.

The Pan-Germans and annexationists are also comparing the chancellor to Bismarck and demanding his retirement because he does not measure up to Germany's "iron man." The agitation for the downfall of von Bethmann-Hollweg is unceasing in press and parliament and is reinforced by mass meetings organized by imperialist leagues and the independence committee for a German peace. The bitterness increases as the chances grow for a reform of political conditions in Germany. The chancellor's opponents compare their attacks with far from flattering remarks about the Austro-Hungarian government for its declarations in favor of moderate peace terms.

## CONFEREES CAN'T AGREE ON TEDDY

(Associated Press Telegram)  
Washington, May 8.—Conferees on the army bill today fell into such a deadlock over the amendment to permit sending Colonel Roosevelt's division to France that they suspended work and considered returning the bill to house and senate and asking for instructions.

The conferees professed to be in complete ignorance of the administration's wishes, and some of the members said a few words from the White House would clarify the situation.

The prohibition amendment, the age limits for the selective conscription, and the amendments for raising volunteer patrol regiments for the Mexican border, also are stumbling blocks.

## NO LOAFERS ARE TO BE PERMITTED IN WEST VIRGINIA

(Associated Press Telegram)  
Charleston, W. Va., May 8.—Taking the ground that there is no justification for chronic idleness even in time of peace much less in time of war, the state council of defense announced today that it would recommend to the special session of the legislature, which meets May 14, that legislation be enacted compelling all men between the ages of 16 and 60 to find employment. This action followed the announcement by Governor Cornell at a meeting of the council last night that a census of the employed and unemployed throughout the state was now being taken. The council also decided to present to the legislature a bill to prevent speculation in foodstuffs and other necessities.

## WHEAT CROP IS SHORTEST SINCE THE YEAR 1888

(Associated Press Telegram)  
Washington, May 8.—In the face of a threatened world food shortage the American winter wheat crop shows the lowest condition recorded since 1888 and promised a smaller yield than any other since 1904.

The winter wheat crop forecast today by the department of agriculture promises a production of 366,116,000 bushels. Area to be harvested, 72,653,000 acres. Condition was 73.2 per cent of a normal on May 1. The production last year was 481,744,000 bushels and in 1915, 673,947,000 bushels.

Production of rye is forecast at 60,735,000 bushels. Rye condition was 88.8 per cent of a normal on May 1. Meadow (hay) lands condition 88.7. Hay stocks on farms 12,468,000 tons or 11.4 per cent of a last year's crop. Pasture condition 81.9. Spring plowing was 72.4 per cent completed.

Spring planting was 58.7 per cent completed.

Condition and estimated production in Ohio follows: Condition, 83; production forecast is 29,198,000 bushels.

## ROOSEVELT'S PLAN DELAYS AGREEMENT ON DRAFT MEASURE

(Associated Press Telegram)  
Washington, May 8.—The Roosevelt division issue today again came to the fore as perhaps the most interesting, if not the most important, before conferees of the House and Senate on the army bill. All differences including those on the age limits of men subject to selective draft and prohibition, appeared to be susceptible of any early agreement.

Unless a compromise soon is reached on the Senate amendment to permit Theodore Roosevelt to take an expeditionary force to France, the conferees committee may be compelled to take the bill back to the two houses for further instructions. An agreement was not in sight today.

Senate conferees are anxious to retain the Roosevelt volunteer amendment while the House conferees are as strongly opposed to accepting it.

## SENATE AMENDS EMBARGO ACT TO WIDEN LATITUDE

(Associated Press Telegram)  
Washington, May 8.—The Senate resumed today consideration of the embargo bill after having adopted, without a dissenting voice, a new embargo section which would empower the President during the war when "the public safety shall so require" to proclaim it unlawful to export articles to "any country named."

In adopting the proposition, the senate reversed its previous action. It voted last week to authorize embargoes only against countries through which foods were found to be reaching the enemy.

## COLUMBUS PLANS BIG RECEPTION FOR VISITING MISSION

Started Late But Will Leave Nothing Undone to Welcome Guests

## REACH STATE CAPITAL AT SIX O'CLOCK TONIGHT

Adj. Gen. Wood Meets Party at Richmond to Act As Escort

(Associated Press Telegram)  
Indianapolis, Ind., May 8.—The French war commission arrived in Indianapolis at 12:13 o'clock this afternoon. A reception committee composed of state and city officials immediately escorted the party along business streets which were lined with cheering throngs. The commission remained here about one hour.

(Associated Press Telegram)  
Columbus, May 8.—State and city business is getting secondary consideration in Columbus today while the Ohio state capital makes ready to welcome the French mission. The party will arrive by special train at Union Station soon after 6 o'clock this evening. The commission, headed by Marshal Joffre and M. Viviani will remain here an hour and a quarter in which time one of the biggest demonstrations the city has known in years is to take place in honor of the visitors.

Adjutant General George H. Wood directed affairs of the National Guard shortly after noon and made ready to start for Richmond, Ind., to meet and be the military escort of the party to Columbus. Several staff officers accompanied him. Railroad officials were instructed to stop his train when it met the mission's special train, wherever that may be, in order that the state's chief military officer may join the party.

Fervent excitement marked preparations for a monster demonstration when the mission reaches Columbus, due largely to the fact that it was not known until early morning that the party would make a stop here. Information first was received by Mayor Karb at 6 o'clock, and from then on, organization of (Continued on Page 2, Col. 5.)

## REICHSTAG LAYS PLANS FOR REFORM RESTRICT KAISER

(Associated Press Telegram)  
Copenhagen (via London), May 8.—The Reichstag committee on constitutional reform will take up, this week, the question of restricting the powers of the Kaiser.

The committee, National Liberals and Radical Socialists, who "carried the previous reforms over the opposition of the Conservatives will, according to a Berlin dispatch, vote for a general restricting of the empire.

A population of 200,000 in favor of the basis for a Reichstag district. The proposals, long among the chief demands of the Liberals and Radicals, are a blow at Conservative influence, as the present districting dating from the foundation of the empire favors the country sections at the expense of the municipalities and industrial regions. The great increase in population has no corresponding growth in representation so that one vote in some backward districts outweighs twenty, or even thirty, in one of the big industrial centers.

The committee seems to be going forward with reform plans consistently and earnestly, the majority standing together with a firmness which must be the despair of the Conservative obstructionists and is, perhaps, not entirely agreeable to the government. The committee's proposals in regard to the officers strike at the root of an important part of the emperor's power. At present all appointments in the army and navy, and even the higher civil lists, are in the hands of the emperor's military, naval and civil cabinets. The celebrated "blue letters," asking for retirement of officers emanated from the military cabinet. The former chief of the civil cabinet, Dr. Frederick K. S. Lachmann, now dead, was known as a "bowstring bearer," because he bore the emperor's sentences of political death to chancellors who had displeased the monarch.

SPY CASE NEARS CLOSE.

(Associated Press Telegram)  
New York, May 8.—When the trial of Captain Franz Rintelen of the German navy and seven Americans charged with conspiracy to interfere with the entente allies' munition traffic was resumed here today there were indications that the prosecution would close its case tomorrow.

BREAD, 15 CENTS LOAF.

(Associated Press Telegram)  
Chicago, May 8.—Bread at 15 cents a loaf made its appearance on the Chicago market. The loaf was larger than that formerly sold for 10 cents and the concern manufacturing it—one of the largest in the city—explained that its advent meant a big saving of labor and wrapping expenses.

## 4 MILLION CARGO LOST WITH SHIP

(Associated Press Telegram)  
New York, May 8.—The Greek steamship Parthenon, which left New York on April 14 for Havre, had been sunk by a German submarine, with a loss of \$4,000,000 on vessel's cargo, according to a dispatch received here today.

The Parthenon, a ship of 2934 tons gross, was under charter to the Royal Belgian Lloyd.

She carried Greek officers and crew. The cablegram did not say whether they were saved. The vessel was destroyed April 30, presumably off the French coast.

NORWEGIAN VESSELS SUNK.

(Associated Press Telegram)  
London, May 8.—The Norwegian bark Dione was sunk by gunfire on May 2. Her crew of 12 was rescued including two Americans—C. H. Edwards of Norma (Normal?), Tenn., and H. K. Parker of Trent street, Portsmouth.

The Norwegian foreign office reports the Norwegian steamers Tolkska, Vale and Tromp, sunk by German submarines, says a Central News dispatch from Christiania. Three men were lost from the Vale.

The Vale of 739 tons was built in Christiania in 1916. The Tromp of 2751 tons, built at Stockholm in 1897, was last reported arriving at Gibraltar on April 5 enroute from Cardiff to Spezia.

The steamship Tolkska is listed in available records. The Norwegian steamer Tolosa of 1837 tons, built at Frederikstad in 1915, may be the vessel alluded to.

## PROBERS SECURE EVIDENCE OF FOOD PRICE JUGGLING

(Associated Press Telegram)  
Chicago, May 8.—The government will have no difficulty in proving food price fixing, which borders on extortion, Robert W. Childs, special United States district attorney said today.

"I believe greater regulations have been made in a shorter time than in any similar fight ever waged before. But at present we must catch these gamblers violating the Sherman anti-trust law, of which offense they are not guilty."

What the government needs right now is a war time measure, civil or military. It is time our hands were united."

W. F. Priebe of W. F. Priebe & Co., one of the largest packers of eggs in Chicago, said:

"I am not putting away any eggs at the present price. I expect to see a drop soon. I cannot understand how such prices have been maintained, as I have never seen a greater quantity of a finer quality coming into the market at this time of the year. Food speculating seems to be a mania."

## BREST ANXIOUS TO GREET FLEET FROM AMERICA

Brest, April 25.—Brest is laying in a supply of American flags to hang out when the first American warship steams up the "Goulet" for no "Brestois" is allowed to doubt for a moment the imminent arrival of an American squadron. In fact, the proposed use of the port by the United States navy is not only ardently approved here and requested by all the deputies of the department of Finistère but has been favorably considered in official circles.

"We want the American blue-jackets to come to Brest," said Paul Simon, one of the deputies from this district to a correspondent of The Associated Press. "Brest is in a good many ways the best haven for them on this side of the Atlantic. They will get it."

There is a trade question allied to the proposed use of the port as an American naval base—the old Brest Trans-Atlantic project, intended to shorten the route between the French and American coasts. Brest is 42 miles nearer New York than the nearest English port, Plymouth.

The Brestois hope that the Americans, once installed in the harbor of Brest, will help along the old merchant marine project and revive the old glories of the town.

MILITARY RULE SPELLS

RUIN OF SMALL DEALER.

Copenhagen, via London, May 8.—Labor and fuel difficulties and the necessity of devoting all possible manhood resources to military requirements now spell ruin to the smaller German tradesmen, such as the bakers. The concentration of supplies in the hands of the big German and more economical establishments has rendered necessary the consolidation of the smaller businesses. This has been voluntary on the part of the Berlin bakers and compulsory in Hamburg where the small men refused to follow suggestions to make an agreement with the bigger establishments.

ALL MODERN WOODMEN

AND ROYAL NEIGHBORS

meet at M. W. of A. hall tomorrow night at 7 p. m.

for Tabernacle services.

## AMERICAN BOAT SUPPLIED FUEL TO ENEMY SUBS

Three Ships Held at St. Thomas, Virgin Islands, Under Suspicion

## FURNISHED FOOD TO U-BOATS WHILE AT SEA

Washington Officials Refuse to Comment But Admit Ships Are Held

(Associated Press Telegram)  
Washington, May 8.—The government is investigating the activities of the steamer Manitowoc and other vessels of the American Trans-Atlantic company, which are said to have carried supplies to German submarines in the Atlantic. This was disclosed at the navy department today but no details of the steps taken were given.

The American Trans-Atlantic company has offices in New York and Boston and its ships fly the American flag. Officials here would not say what had aroused their suspicions, but admitted that the ships had been held for investigation at St. Thomas, Virgin Islands, by order of the navy department. Both the state and justice departments have been taking part in the investigation.

CREW CONFIRMS REPORT.

San Juan, Porto Rico, May 8.—There are German submarines in the Atlantic and until very recently they have been supplied from the United States by ships flying the American flag, according to statements by members of the crew of the steamer Manitowoc, which for several weeks was detained in the harbor of St. Thomas. Twenty-one of the crew are returning to the United States after difficulties with 'Captain F. Hogstead, master of the ship.

The Manitowoc, Muskegon and Allagash, all belonging to the same line, shortly before the Danish islands became the Virgin Islands, U. S. A., put into the harbor at St. Thomas bound from Buenos Aires for New York, supposedly to "await orders." They were still waiting for orders when the islands were transferred to the United States. According to their manifests all three ships carried coal and other fuel supplies. Members of the crew of the Manitowoc say all the vessels were loaded with contraband for German submarines.

"When we left New York last, we were supposed to have a cargo of coal exclusively," said one of the crew. "Underneath the coal were all sorts of fuel and food supplies. Supposedly the cargo was destined for Buenos Aires. Between St. Thomas and Buenos Aires we got rid of our cargo on the high seas to German submarines. We had no cargo when we reached Buenos Aires."

At Buenos Aires that ship, the Muskegon and the Allagash all took on general food cargoes, oil and other fuel supplies which were covered over with several hundred tons of coal, they said. On the Manitowoc there were also placed two iron chests filled with gold, each supposed to contain \$250,000. These, according to the men, also were hidden under the coal.

OPERATES TWELVE VESSELS.

New York, May 8.—The American Trans-Atlantic company since early in the war has been operating under the American flag a fleet of twelve freight steamships known as the Wagner ships. R. G. Wagner being the president of the company. They have been plying mostly between New York, Boston, Newport News and South American ports. Four of them—the Saginaw, the Kankakee, the Genesee and the Hocking—were seized by the British on account of which a protest was made by the government, resulting in a controversy with the British government which at the time the United States entered the war had not been settled.

The status of the ships was under investigation in 1915 when it was alleged that they were really owned by German capital. This was at the time when application was made by Wagner, who is an American citizen, to place the ships under American registry.

Wagner came here from Milwaukee about two years ago and organized the American Trans-Atlantic company with invested capital. It was said, of about \$2,000,000.

In addition to the four ships seized by the British, the American Trans-Atlantic company's fleet is composed of the steamships Manitowoc, Winnebago, Allagash, Muskegon, Ausable, Maumee, Winnebago, and one building.

## FRANCE GETS FIRST HUNDRED MILLION LOAN FROM FUND

(Associated Press Telegram)  
Washington, May 8.—France today received the \$100,000,000 loan from the United States. The amount was transferred by Secretary McAdoo to Ambassador Jusserand today by treasury warrant.

## LANSING CLAMPS THE LID ON NEWS

(Associated Press Telegram)  
Washington, May 8.—Secretary Lansing today followed up the state department gag order which forbids any other official there to give information to the public, with a statement that any other official who gave out information conveying criticism of the department's policies should be dismissed. Mr. Lansing reiterated that the giving of information to the public through the newspapers would hereafter be restricted to himself and the newly created bureau of foreign intelligence.

Secretary Lansing said he had forbidden officials to talk with newspaper correspondents because he was dissatisfied with having information come from many different channels and perhaps from contrary points of view.

## TREASURY CLERKS SWAMPED; LOANS COME IN AVALANCHE

(Associated Press Telegram)  
Washington, May 8.—Telegrams and letters containing estimates of subscriptions to the \$2,000,000,000 Liberty Loan for the allies came to the treasury department so fast today that even the augmented force of clerks could barely tabulate them. Many were from individuals apparently in moderate circumstances, anxious to put part of their savings into the war cause.

"File my application for ten Liberty bonds, \$100 each," wired a Mississippi farmer. "This is planting acres of corn is the only way I can help win the fight."

Preliminary arrangements were made today to use the postal system to advertise the loan. The desirability of buying bonds will be impressed on citizens by a special stamp cancellation design on letters, and placards on rural mail boxes, wagons, and postoffice windows. Postmen will be instructed to give information of the bond issue to prospective purchasers and will be supplied with literature to distribute.

## BILLION DOLLARS FOR SHIP FLEET TO BEST U-BOATS

(Associated Press Telegram)  
Washington, May 8.—Congress will be asked to appropriate \$1,000,000,000 for the building of the great American merchant fleet which is to overcome the submarine menace.

The program evolved by the shipping board contemplates the diversion to government uses of the products of every steel mill in the country, cancellation of existing contracts between those mills and private consumers and where necessary payment of damages by the government to the parties whose contracts are cancelled.

Estimates of the shipping board are that 5,000,000 to 6,000,000 tons of steel and wooden vessels would be constructed by the government during the next two years.

The only manufacturers of steel to be exempted from the program will be those needed otherwise for the national defense. Bills for introduction in congress have been prepared and the administration hopes to get them under way so promptly that the first of the ship-building operations may be in motion within two weeks.

Just how the \$1,000,000,000 will be provided is to be left to congress, but the tentative program calls for an additional issue of bonds.

Co-operation of the labor organizations has already been pledged. It is understood there will be no legislation, unless the present program is changed, looking to the drafting of the labor necessary to carry out the plan.

The only other reception to the general cancellations of private contracts with steel mills will be those of railroads. Steel mills, it is contemplated, will be permitted to supply them with the minimum amount of steel products with which the railroads can get along.

## CHICAGO WHEAT HITS \$3 BUSHEL

(Associated Press Telegram)  
Chicago, May 8.—May wheat sold at \$3 a bushel today, the highest price on record. It was an advance of 15 cents. The close was at \$2.97, July wheat rose 7 1/2 to \$2.33 1/4.

## CHICAGO SALOONISTS GET READY FOR PROHIBITION

(Associated Press Telegram)  
Chicago, May 8.—Two hundred Chicago saloonkeepers voluntarily are preparing to allow their licenses to lapse and withdraw from the business because of the prospects of a dry America during the war, according to a report today to the city controller's office. Under the ordinance these licenses, once allowed to lapse, may not be renewed. The annual loss to revenue to the city will be \$200,000, the report said.

## HAIG'S FORCES BATTERING AT DOUAI DEFENSE

Fall of Bullecourt and Douai Only Matter of Short Time

## AUSTRALIANS BEARING BURDEN OF BIG ATTACK

Germans Realize Menace of Alternate Blows of British and French

(Associated Press Telegram)  
New York, May 8.—The great human nippers which General Haig has forged around the southern end of the Drocourt-Queant switch line are steadily closing and the rolling up of this important section of the German defenses appears to be a matter of a few days. The Drocourt-Queant line is the hastily improvised barrier thrown up by Field Marshal von Hindenburg to protect Cambrai ad Douai after the more famous line, named in honor of his effort, had been smashed by the British.

The bitter resistance offered by the Germans to the British advance has centered in their defense of Bullecourt, two and a half miles west of Queant. To the south the British have forged well beyond Queant but have been forced to mark time until Bullecourt falls. The capture of the village was entrusted to Australians and these hard fighting colonials have almost surrounded the German stronghold so that its surrender or extinction is expected momentarily.

The Drocourt-Queant line forms a broad salient in the British front, 18 miles at its top and paralleling the Douai-Cambrai line. Drocourt is seven miles from Douai and Queant about ten miles from Cambrai. The crushing in of this salient will mean that the German grip on the great Lens coal region will be broken and the entire German line in northern France imperiled.

There are many signs that the Germans realize the menace to their in the alternate sledge hammer blows of the British and French, beneath which their best troops are being driven from position after position. News from the western front is not merely being suppressed in Berlin but is being doctored for the consumption of German newspaper readers. Discrepancies between the German and allied official versions are apparently arousing suspicions in some German minds at least and the Berlin newspapers are being bombarded with questions that their military critics seem to find some difficulty in answering. There is significance also in the fact that the German emperor in his congratulatory telegrams speaks of "a serious and decisive time" instead of exulting over victories, real or imaginary.

Apart from France the only fighting of significance reported from the war theatres is taking place in Macedonia. The reports from this front are meager but they indicate an increasing activity which may presage a general offensive by the allies.

## GERMANS RECAPTURE VILLAGE NEAR ARRAS

(Associated Press Telegram)  
Berlin, May 8, via London.—German troops have recaptured Fresnoy, says the official statement issued today by the German army headquarters staff.

Fresnoy is a town on the Arras front, five miles southwest of Lens and was captured by the Canadians on May 3. Since the taking of the town by the British forces the Germans have made desperate efforts to recapture it and the fighting has been almost continuous on that part of the Hindenburg line.

INSPECT CHILICOTHE SITE.

(Associated Press Telegram)  
Chillicothe, May 8.—The site offered by Chillicothe for the Ohio West Virginia military camp was inspected today by a committee composed of Colonel Charles Reichsmann, senior regular army inspector in-structor on duty in Ohio; Colonel John S. Shetter of the quartermaster of the Fourth regiment. Adjutant General Wood appointed the committee.

HAWTI IS HESITATING.

(Associated Press Telegram)  
Port au Prince, Haiti, May 8.—A majority of the commission named last week as a result of President D'Artigues' message to congress advising a declaration of war against Germany, is opposed to war. It is regarded as probable, however that congress will disregard the advice of the commission and declare war.

WANTS FOOD CONTROL.

(Associated Press Telegram)  
Washington, May 8.—Herbert C. Hoover urged the senate agricultural committee today to hasten some central power for control of the more necessary foods. The experience of Europe, he said, shows there must be centralization of control over food, munitions and other things essential to the successful prosecution of the war.

## When John McCormack sings "Little Boy Blue"

you will discover that he has the key to your heart

Little Boy Blue John McCormack  
Victor Red Seal Record 64605. Ten-inch, \$1.

Eugene Field's wistful little epic of childhood is a thing of gentle pathos—of the quiet, deep tears we do not shed.

Do you recall how Little Boy Blue kissed his doughty comrades—the tin soldier and the toy dog—as he placed them on his chair?

"Now, don't you go till I come," he said,  
"And don't you make any noise!"  
So toddling off to his trundle-bed  
He dreamt of the pretty toys.

And as he was dreaming, an angel song  
Awakened our Little Boy Blue,—  
Oh, the years are many, the years are long,  
But the little toy friends are true.

It seems as if Nature had moulded the clear, sweet voice of John McCormack just to give breath to such delicate emotions. This new Victor Record will endear itself to thousands.

The nearest Victor dealer will gladly play this new McCormack record for you. Or any other records by the famous and exclusive Victor artists.

"Victrola" is the Registered Trade-mark of the Victor Talking Machine Company designating the products of this Company only. Warning: The use of the word Victrola upon or in the promotion or sale of any other Talking Machine or Phonograph products is misleading and illegal.

## WRECK DELAYS FRENCH PARTY; NONE INJURED

(Continued From Page 1)  
no excitement and the American members of the party also remained calm. Breckinridge long third assistant secretary of state, was one of the first outside the train and along side the wrecked car with Chief Nye. They held a brief consultation and prepared dispatches for the government at Washington informing officials there of the accident.

and that even one of the American army and navy of the United States. After a few hours delay the train had been made up with extra equipment and was on its way again. Breckinridge, M. William Mar-shal, Joffe and their companions had resumed their dinner the table having been laid anew and service re-established in less than 15 minutes. Recognition of the cool headedness of the French government was shown in the fact that the engines probably will be taken by the government. Assistant Secretary Legat already has taken the names of the French men who were on the train. Had it not been for the accident, the party would have been in the city of Indianapolis.

After a few hours delay the train had been made up with extra equipment and was on its way again. Breckinridge, M. William Mar-shal, Joffe and their companions had resumed their dinner the table having been laid anew and service re-established in less than 15 minutes. Recognition of the cool headedness of the French government was shown in the fact that the engines probably will be taken by the government. Assistant Secretary Legat already has taken the names of the French men who were on the train. Had it not been for the accident, the party would have been in the city of Indianapolis.

fore morning again crowded about the station here today to greet the mission, which was scheduled to arrive some time after 1:00 o'clock for a brief stop before continuing to Indianapolis.

INDIANAPOLIS ENTERTAINS  
Indianapolis, Ind., May 8.—A committee on arrangements for the entertainment of the members of the noted French mission during their visit here today refused to complete its program. It had been planned that state and city officials and prominent citizens should greet the Frenchmen at their train last night, and a large crowd had gathered to hear brief speeches by Rene Viviani, head of the mission, and "Papa" John.

But when word was received that the government had decided to carry the Frenchmen near the party probably would not arrive until about noon today, plans were set in motion to conduct the mission to the Soldiers and Sailors' monument, where it was expected that the leaders of the mission would address the hundreds that gathered today.

## COLUMBUS PLANS BIG RECEPTION FOR VISITING MISSION

(Continued From Page 1)  
The demonstration resulted in the sidetracking of affairs of state and city, officials lending their help to the number of commerce which immediately assumed the leadership. The party will be met at the Union Station by a delegation headed by Mayor Karb of Columbus, directors of the chamber of commerce, and a delegation of business men; United States officers from the Columbus military posts and heads of the National Guard of Ohio will form the military reception organization. Troop B, Ohio National Guard, the "Governor's Own," will be the military escort with a full quota of cadets from Ohio State University, numbering probably 600, and as many National Guardsmen as can be marshalled from the actively engaged companies available upon the short notice. The Columbus Baracks band, Columbus bugle corps and other organizations, will lead a parade forming at the station and moving immediately to the state house.

Governor Cox and state officials, military attaches of the state guard and city officials will attend a brief reception in the governor's office. A company of National Guardsmen will prevent congestion about the state house by forming a guard completely about the big stone structure.

A score of workmen were engaged at noon to erect a platform to accommodate a hundred or more on the west side of the capitol building where exercises with addresses by the members of the mission, if they desire to speak, are to be conducted. Nature of the exercises had not been determined.

One of the features will be the delivering of a written obligation on behalf of Columbus to the distinguished French representatives. It will be written and read in French by Mrs. Philip Wilson on behalf of the local organization of the American Society for the Relief of French War Orphans and will be a promise on the part of Columbus to raise funds to care for 500 fatherless French children. It will be announced that Saturday, May 19, will be French Flag Day. In the state capital when French flags will be sold to raise at least \$15,000 to contribute to the fund, part of which already has been raised by the local organization of women.

A hasty canvass of Columbus business houses early in the day brought to light a shortage in supply of both American and French flags. Messages to Cincinnati relieved the situation some, the entire supply of a flag manufacturing concern there being purchased and the consignment delivered to Columbus by special courier soon after the noon hour. An appeal was issued through the Chamber of Commerce for the display of French colors by every one possessing flags or capable of getting the colors.

Columbus school children will have a part in the demonstration, instruction having been issued immediately upon opening of the school period in the morning for all teachers to notify the pupils and, if possible, to teach them to cry "Vive la France" Terraces about the state capitol will be reserved for them, and they will lend their efforts to the celebration.

Trinity Episcopal Cathedral chimes, hanging high above the capitol dome, in one of the oldest of downtown church spires, will play one of the French airs and efforts were being made to have exercises cease and throngs join in the singing. Many other details looking to a monster demonstration were being feverishly worked out by those in charge during the afternoon.

## The Courts

Justice Scott's Court.  
Paul Horn, living west of Johnstown, near the Franklin county line, has subscribed to an affidavit in Justice Fletcher S. Scott's court, charging that he is fearful of Horton Dague, living nearby, who has threatened, he alleges, to shoot and kill him. A peace warrant was issued for the latter and he gave bond in the sum of \$100 to appear Friday afternoon at 1 o'clock.

Demurrer Is Filed.  
In the case of the State vs. P. Woolford et al., indicted for obtaining money under false pretenses, a demurrer was filed to the indictment. After the demurrer had been argued, ten days were allowed in which to file brief.

Moore Is Acquitted.  
In the case of the State of Ohio vs. George Moore, indicted for burglarizing Sussela's restaurant and saloon, in the North End, the jurors returned a verdict of not guilty. The petit jurors were excused until Tuesday morning next.

MARRIAGE LICENSES  
Married last night, at the office of the clerk of the court, were John J. and Miss Lora E. Smith of Franklin township.

ADMITTED TO PROBATE  
The will of William C. Vogelsinger has been admitted to probate. No appointment of executor has been made.

COMMISSIONER'S OFFICE  
Commissioner of the Public Lands, John J. Smith, has received from the United States Department of the Interior a letter advising that the land in the township of Franklin, Ohio, owned by the United States, has been sold to the State of Ohio.

RECEIVED PETITIONS  
The following petitions were received at the office of the clerk of the court: One for the appointment of an executor of the will of William C. Vogelsinger, one for the appointment of an executor of the will of John J. Smith, one for the appointment of an executor of the will of John J. Smith, one for the appointment of an executor of the will of John J. Smith.

## 90 MORE ADDED TO THE RED CROSS

Work continues on the tabulation of new members secured Saturday and Monday for the local chapter of the American Red Cross. Ninety new members were entered on Monday, the previous total being 674, which brings the present total up to 764.

These figures include only the members secured down town, as the report from the representatives of the chapter at the various factories has not been made. Announcement has been made that Washington has ordered the consolidation of all Red Cross activities in Ohio under a single responsible head. Ernest W. Dicknell, chief authority at Washington has designated F. E. Abbott, formerly of Cleveland, as executive head of the organization in the state with instructions to reorganize and merge wherever necessary.

It is understood that a new state board of directors will be selected. Abbott arrived at Columbus, yesterday and will establish headquarters there from which all Red Cross operations will be directed.

## JAS. BROWN GETS COMMISSION IN MEDICAL CORPS

James Brown, son of Mr. and Mrs. J. W. Brown, of Indiana street, a senior in Ohio State university in the medical department and who recently took the examination at Columbus for admittance to the medical corps of the United States army, was notified yesterday that he had been one of the seven successful applicants out of a class of sixty-two.

Mr. Brown has been commissioned a Lieutenant and has received orders to report at once at Portsmouth, N. H., to which place he has been assigned and where he will receive further instructions. Lieutenant Brown will leave Thursday for his new post. His many local friends will wish him a successful army career.

## HEAVY PENALTY FOR DAMAGING GARDENS

At this time in the nation's peril, when it is important to raise the maximum amount of foodstuffs, the man, woman or child who carelessly destroys any growing crop is committing a serious offense against the nation. Courts no doubt will inflict the heaviest penalties possible against those who are found guilty of such offenses. Numerous complaints have been made to the authorities of intentional and unintentional damage and these already are being given attention by those interested in conserving the nation's resources.

## FOOTBALL PLAYER JOINS U. S. CAVALRY

Claude Hager, a former well known athlete of the Newark High school, son of Police Captain and Mrs. Charles Hager, has enlisted in the service of Uncle Sam, passing a successful examination Saturday for a member of a cavalry troop. His parents are in Columbus today to bid him farewell as he is expecting to be assigned to duty at once, probably at some point in Texas.

Give Him Time.  
Father—Helen, isn't it about time you were entertaining the prospect of matrimony?  
Daughter—Not quite, pa. He doesn't call until 8 o'clock.—Judge.

## Eczema Wash

A touch of D. D. D. to any eczema sore or itching eruption and you'll be able to rest and sleep once more. Think—just a touch! Is it worth trying? Get a trial bottle today. 25c, 50c and \$1.00. Your money back if the first bottle does not relieve you.

# D. D. D.

CITY DRUG STORES.

Try This If You  
Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

## PIMPLES, BLACKHEADS, ALL ERUPTIONS AND REDNESS OF SKIN Quickly Disappear When Amolox is Applied.

Many an otherwise attractive girl is a social failure because of a poor complexion. If your skin is not naturally fresh, smooth and glowing, it is perhaps due to lack of care or to an unwise use of cosmetics or impure soap. Amolox Soap and Ointment will heal the pimples, take out the redness and clear up your skin in a remarkably short time. Just wash at night with hot water and Amolox Soap and apply ointment, and note the improvement next morning.

All minor skin troubles yield quickly to this wonderful new remedy and chronic cases of Eczema, Psoriasis and skin diseases, lasting for many years are being cured when persistently applied for two or three weeks.

On sale at leading drug stores. Guaranteed by T. J. Evans drug store, Trial size, 50c.

Write postal for free sample to Amolox Laboratories, Youngstown, Ohio.

## HEARD THE CLOCK STRIKE ALL NIGHT

### Woman Was Very Nervous Before Tanlac Built Her Up.

### HOUSEWORK EASIER NOW

Housework used to be drudgery for Mrs. J. C. Hamaker, of South Seventh Street, Coshocton, because she was so run down that she was tired out all the time.

"I can honestly say Tanlac helped me more than anything I ever took," said Mrs. Hamaker. "I was all run down before I started taking it. Gas formed on my stomach after eating and gave me so much trouble that I couldn't sleep soundly. My nerves seemed to give way too. I would hear the clock strike every hour all night."

"In the morning I got up with that draggy, worn out feeling and was tired all day. My housework seemed much harder than it really was because I felt so run down. The least little bit of exertion would give me a headache."

"Since taking Tanlac I don't have that bloated, gassy feeling any more and my head seldom aches. I sleep better now and get up feeling ready to go about my housework in my old way. I tell all my friends what Tanlac did for me."

Tanlac is a vegetable tonic especially designed to build up run down people. It is made of roots, barks, herbs and berries, whose medicinal properties are extracted by a special process. Get it today. It will do for you what it has done for thousands of others.

Tanlac may be obtained in Newark at W. A. Erman's drug store and in the following nearby towns: Alexandria, C. M. Sillmore; Pataskala, J. R. Stine; Granville, W. P. Ullman; Hebron, Hebron Drug Co.—Advertisement.

## BROMLEY PARTY OPENS 5TH WEEK OF REVIVAL HERE

Now that the finances have been practically cleaned up at the Bromley tabernacle all the time will be given over to the religious work in the meetings during this week. The people co-operating in the campaign are looking forward to a great week in the tabernacle. Beginning with today a large number of meetings are scheduled for the rest of the week. There was a meeting of the executive committee last night. This morning the cottage prayer meetings were held. There was also a business men's prayer meeting.

Dr. Bromley gave a lecture to the business men at 11.45 at the First Presbyterian church and this afternoon there was a preaching service at the tabernacle followed by the Bible study class. Shop meetings were held at the Heisey plant, at the halter factory and at the golf works. The coming week promises to be a very busy one. At 5.45 this afternoon the business women will have a luncheon in the Plymouth Congregational church and go to the tabernacle in a body. The business women's prayer services are gaining in interest.

Tonight the members of the Grange, a North Side delegation, a Hebron delegation, and the business women will attend the services in a body.

Tomorrow night is Woodmen night and W. C. T. U. night. A delegation is coming from East Newark. The W. C. T. U. forces have decided to meet at the Central Church of Christ.

Thursday afternoon Dr. Bromley will deliver a special sermon to the old folks and arrangements are being made to seat them in rockers at the tabernacle during the service. In the evening, at 6.45, there will be a meeting of the young men in the First M. E. church and in the evening West Newark people will attend the services in a body.

Friday, after the afternoon service a tabernacle picnic will be held and in the evening patriotic night will be observed. The different patriotic organizations are being invited to attend and the high school student body will attend again. Everybody is asked to carry a flag to the tabernacle that night.

Saturday afternoon Miss Ditzell will deliver a lecture to women in the tabernacle, on Purify. There will also be a booster picnic held at the same time.

There will be a meeting of the ministers tomorrow morning when they will decide whether to close the churches next Sunday morning and have a big service at the tabernacle. This is the beginning of the fifth week of the campaign and, including today, there are but twelve days of actual campaigning left.

### NOTICE EAST SIDE PEOPLE.

Reservations will be held for the East Side people at the tabernacle on next Wednesday evening. The band will start promptly at 6.45 from the Children's Home and march to the tabernacle. The people will join the line of march at any point on Main street as the procession passes. East side people who may be over in town will fall in as the line passes the public square.

### TABERNACLE ANNOUNCEMENTS.

Tuesday.  
5.45 p. m.—Business girls luncheon in Plymouth Congregational church.  
7.30 p. m.—Preaching services at the tabernacle. Business Girls, North Side, the Grange and a delegation from Hebron will attend in a body.  
Wednesday.  
11.45 a. m.—Noon day luncheon and lecture by Dr. Bromley in the basement of the First Presbyterian church.  
12 m.—Shop meetings in the B. & O. shops and the Youse Cigar plant.  
2.00 p. m.—Preaching services at the tabernacle.

## CORNS LOOSEN OFF WITH MAGIC "GETS-IT"

2 Drops Do the Work, Painlessly.  
"I tell you, before I heard of 'Gets-It' I used to try one thing after another for corns. I still had them. I used bandages and they made my toe so

big it was murder to put on my shoe. I used salves and other things that ate off more of the toe than they did the corn. I'd cut and dig with knives and saws, but now I still had them. I use bandages and they made my toe so big it was murder to put on my shoe. I used salves and other things that ate off more of the toe than they did the corn. I'd cut and dig with knives and saws, but now I still had them. I use bandages and they made my toe so

There has been nothing new discovered for corns since "Gets-It" was born. It's the new way—the common-sense, simple, sure way.

"Gets-It" is sold everywhere, 25c a bottle, or send on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Newark and recommended as the world's best corn remedy by T. J. Evans and W. A. Erman.

Friday.  
12 a. m.—Heisey factory.  
12 a. m.—Licking laundry.  
On May 17, industrial night will be observed at the tabernacle, and the different factories will be urged to attend in a body.

## HILL FARMING IN BELMONT COUNTY

On May 2, Director Thorne of the Ohio Agricultural Experiment Station, submitted to the Belmont county agricultural society a plan of the contemplated work of the Belmont county experiment farm.

As a basis for the work there was used information gleaned from census reports, assessors' statistics and a reconnaissance farm management survey made by the writer of these notes and reported in the November monthly bulletin of the Ohio Experiment station.

Much of the land in a hill country must be kept in permanent pasture, consequently a hill country must be largely a livestock country for there is no other way to profitably utilize the grass. Statistics show that some years ago sheep were the dominant livestock of Belmont county, but statistics of recent years show that the dairy industry has become dominant. Granting that the farmers have good and sufficient reasons for changing from the sheep to the dairy cow and from the fact that sheep problems are being worked out in Washington and Meigs counties and the information there gained will be in a large degree applicable to Belmont county, it is proposed to make dairying the leading project on the Belmont county experiment farm. The other enterprises of the farm shall be organized around this leading project.

It is proposed to sell cream, the skimmed milk to be utilized in feeding of poultry and hogs.

For the reason that good markets are convenient, and further that egg-production is the leading feature of the poultry work in Washington, Clermont and Meigs counties, it is proposed that the poultry work on the Belmont county experiment farm be one of the meat-and-egg production.

It is proposed to utilize the hog on permanent pastures and in hogging down crops, such as rape, corn, soy beans and alfalfa.

The idea in the cropping system will be to take a few acres suitable for cultivation near the barn and devote them to the intensive production of cow feed. The manure from the cows being largely used on this acreage instead of being hauled to the more distant fields.

The more distant fields to be put to a five-year rotation of corn, wheat, clover hay, pasture.

The rougher portions of the farm will be devoted to permanent pasture and an attempt will be made to not only make a thick, dense sward but to bring in legumes and by clipping to keep the pasture green and fresh for a long season.

The ravines and gullies will be planted to valuable varieties of trees, about ten acres being devoted to peach and apple orchards.

CARY W. MONTGOMERY,  
Acting Superintendent.

### 25,000 NEEDED TO TAKE NEW YORK WAR CENSUS.

(ASSOCIATED PRESS TELEGRAM)  
New York, May 8.—An army of 25,000 men and women will be required to take the state military census in New York City, according to a call issued today by the mayor's committee on national defense for volunteers to act as registrars, interpreters and clerks. The state registration will not be taken until after the federal census and the committee hopes that many of the volunteer workers will co-operate with the authorities in charge of the federal work.

At the request of Mayor Mitchell several thousand city employees have volunteered their services. The board of education in co-operation with the mayor's committee has offered the use of school buildings and has announced that a majority of the teachers will help in the registration.

### SUMMIT

Mr. and Mrs. Bert Jones of near Martinsburg, spent Sunday with Mrs. Jones' parents, Mr. and Mrs. D. C. Anderson.

Mr. and Mrs. A. M. Braid and children, Charles and Eleanor spent Sunday with Mr. and Mrs. G. E. Patton.

Mr. Edward Bebout is suffering from appendicitis.

Mr. and Mrs. Earl Oliver and children, Marie and Hazel, of near St. Louisville, spent Sunday with Mr. B. L. Bebout and family.

Mr. and Mrs. Ora Booth of Fallsburg spent Sunday with Mr. Edward Bebout and family.

Mr. and Mrs. Earl Frampton of Perryton, spent Sunday with Mr. Frampton's grandparents, Mr. and Mrs. T. Fisk.

Mrs. Mariah Davis visited Mrs. Ida Shannon, Sunday.

Mr. and Mrs. D. C. Anderson and Mr. and Mrs. Bert Jones attended the tabernacle meeting at Newark, Sunday evening.

Mr. William Shannon called at the home of Mr. Mai Cramer, Sunday evening.

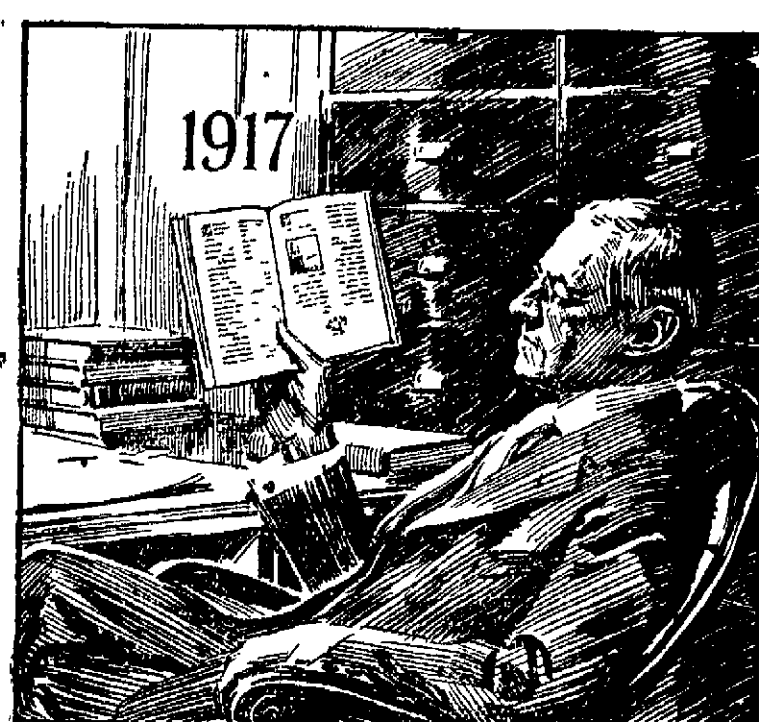

Mr. George Lynn is confined to his room with the measles.

Mr. Earl Braid has returned home after spending a week with Mr. and Mrs. G. E. Patton.

Put your best foot forward. Uncle Sam will keep you in shoe leather.

THE FIRST PRESIDENT OF THE UNITED STATES owned and used The Encyclopaedia Britannica, 3rd Edition, in its original bulky, unwieldy form, printed on old-fashioned THICK PAPER which necessitated a large, awkward book that had to be supported upon a table.

THE 28th PRESIDENT OF THE UNITED STATES has the advantage of using The Encyclopaedia Britannica, 11th Edition, which contains 50% more reading matter, but is printed on thin INDIA PAPER and is as easy to hold and read as a magazine.

IN 1797 the stage coach traveling between Philadelphia and New York took two days to cover the ninety miles. In 1917 the Pennsylvania Railroad Express, over practically the same route, makes the run in two hours.

In 1797 it meant a four-hour drive by horse and carriage from Perth to the Golf Club at St. Andrew's. In 1917 you can easily motor over the same twenty-five miles under the hour.

In 1797 a sailing vessel often took three months to make the voyage from New York to Liverpool. In 1917 the Mauretania can make the same trip in just over five days.

There is just as much difference between The Encyclopaedia Britannica, printed on old-fashioned thick paper, and the new Britannica, "Handy Volume" Issue, printed on genuine India paper, as there is between the stage coach of 1797 and the Philadelphia Express of 1917; between the horse and carriage, traveling eight miles an hour, and the modern motor, traveling 50 miles an hour; between the sailing vessel and the ocean steamship.

If you want the old-fashioned stage coach-horse and carriage-sailing vessel kind of an Encyclopaedia Britannica you need not be in any hurry to buy now. You can get the heavy, bulky, thick paper Britannica at any time.

But if you want the modern "Handy Volume" Encyclopaedia Britannica, printed on genuine India paper, you must order at once.

The sets of the "Handy Volume" Britannica, printed on genuine India paper, now in stock are all that we can get. These are going at the rate of more than 2000 sets a week. The end of this sale is almost here. When the last set is sold no one will be able to buy the Britannica in this, its handiest form, at any price. No more can be printed. We cannot get another set from the publishers, because they positively cannot get any more of the genuine India paper. No more India paper can be made because two necessary raw materials—flax from Belgium, Germany or Ireland and hemp from Russia—because of the war, are now absolutely unobtainable, and no more can be secured for many years.

Note:—This also means that no more of the Cambridge University issue of the Britannica and Century Dictionary can be had on genuine India paper.

We could probably sell many thousands more sets of the "Handy Volume" Issue of The Encyclopaedia Britannica if we could get them. As this sale nears the end we are receiving, daily, thousands of inquiries asking for information about the "Handy Volume" Britannica on this wonderful India paper.

When we announce the last day on which orders can possibly be filled we know that many orders will be sent in that we cannot supply sets for.

Sets can be seen and orders left at:

A. L. NORTON CO.  
26 ARCADE

## NEW DEMAND IS MADE FOR GERMANY'S WAR AIMS

(ASSOCIATED PRESS TELEGRAM)  
Amsterdam, May 8, via London.—In referring to the Russian government's explanation of its war aims, the Berlin Socialist newspaper Vorwarts insists that Chancellor von Bethmann-Hollweg has no reason to postpone a definite statement of Germany's aims in the war and asks what the chancellor is waiting for.

"If a frank, bold statement is made in the spirit of the Russian peace formula," it says, "Russia, Germany and Austria-Hungary will stand together. How long will America, which is pacifist at heart, how long will Britain and France resist this propaganda, especially as their populations are suffering terribly."

"Is it true—as we suppose—that we are not drawn by just of conquest. If so the decisive moment has come."

In the Vossische Zeitung, George Bernhard demands that the chancellor make perfectly clear to Russia what Germany wants. He warns

against eastern annexations which would only bring us an eastern Alsace-Lorraine. Only with Russia herself can we negotiate regarding the future formation of our eastern frontiers. England's aims are not ours and what must be out of the question regarding the west may appear to us regarding Russia, as a mere political precaution. For this reason we must clearly and definitely show that Russia by coming to an understanding with us need not expect any loss of territory but on the contrary, financial reconstruction and economic strengthening."

### JACKSONTOWN

The work on our new school building is being carried on rapidly. Lewis E. Buell has returned from Italy, Ill., where he spent a week visiting his brother Charles, who is teaching in the high school. Mr. Buell left for Athens the same evening where he will spend twelve weeks in the Ohio University.

Milton Handley attended M. E. Ladies Aid at Mrs. Mary Osburn's Wednesday.

Mrs. T. T. Buell entertained the W. F. M. society of White Chapel on Thursday afternoon.

A few farmers in this part of the county have begun to plant corn.

—Abraham Lincoln.

## EARLY MORNING IN THE GARDEN.

Gardening enthusiasm in May and in July constitutes two different propositions. The air of a bright spring day is like electricity and people take hold of their first spade and plant with alacrity. But to bring the crop to fruition is another story. When the sun reaches its zenith and there is a mess of weeds to be rooted out, many of our garden voices will quit.

The old timers had their own wise ideas about garden work. They used to get up at an hour in the morning when it is a pleasure to work. Even on the warmest day the air is cool and pleasant in the morning.

People who work indoors can really get a lot of physical benefit out of their garden if they would do it right. The sedentary toiler needs some form of active exercise in the open air. The many men who get out and play golf and tennis seek the physical activity that they need. Just the same results can be had by hoeing potatoes if one can only think so. The man who usually spends his days in a stuffy mill or store ought to feel a physical stimulus from an hour or two of work daily in the invigorating ozone.

If the indoor worker takes his garden stint at night when he is dull of nervous strain and in a state of lassitude from bad air and a sleeping position over a desk or machine, the additional exercise won't do him much good. If he will get up in the morning when it is cool and pleasant, he will feel the better for his exertion.

The gardeners must expect some lame backs and stiff muscles for a few days. They would have them just the same if they took any unaccustomed pleasure like tennis or baseball. But just as soon as work-tissue has been put to work, the body will improve from the more complete use of its powers. But the task will require only half the effort if performed at the coolest time of day, when the worker is refreshed from his night's sleep.

## COMMUNITY GROUND SWELL

There are two ways for people to get ahead in life. The first is to drive ahead building up their own business without regard to whether anyone else is prosperous or not. That often produces excellent results for a time. But after a while such people look around and find that no one cares a hang whether they succeed or not. In fact as a result of their selfish isolation, other people seem almost pleased if they do not get on.

The other way to succeed is to consider that a man's own fortune depends to a large extent on the advance of the particular group of people or community in which he happens to be located. If he will look at it in a large way, he will see that it is mighty hard to him when the people around him are failing behind or are merely stationary. In such a group of people there is a condition of stagnation that paralyzes every attempt that anyone may make to rise above the mass.

If one can but identify himself

Daily History Class—May 8.

1819—Kamehameha I., Hawaiian warlord, conqueror and ruler, died, born 1753.

1873—John Stuart Mill, English writer on political economy and pioneer suffragist, died; born 1806.

1915—Germans captured the Russian port of Libau, on the Baltic. China accepted the demands of Japan.

1916—After Cymric torpedoed off Ireland while carrying munitions to England. United States accepted Germany's modification of rules relating to merchant ships.

## THE ADVOCATE'S D-DATING ID

In peace there's nothing so becomes a man  
As modest stillness and humility.  
But when the blast of war blows in our ears,  
Then imitate the action of the tiger.  
—Shakespeare.

Plant Potatoes Now.  
To grow where once there was but one:  
But better to make garden sage  
Grow in a place where there was none

Attention, Mr. Swank.

Aunt Callie says:—Worthy Shore just moved here about a year ago and so don't know many folks. He has taken it into his head to run for sheriff, and so he's jest run-toothed the country a-praisin' up all the folks he met and I bet you he has kissed as many as a thousand babies, all here a-sayin' how it was an' how it looked like its mother. So tother day he come to a right big house with a vurry nice look-in' woman an' six or eight little children out in front. An' says he, "Oh, such a lovely site, madam. Kin I kiss them beautiful children?" "Certainly," says she, "an' he done so. An' then says he, 'Tell your husband I called to see him. I'm runnin' for sheriff.' he says, 'Why sir,' says she, 'I hain't got no husband. This here is an orphan asylum.' she says, 'an' I'm the matrix.' she says.

Did You Know  
That the rattle of the rattlesnake is developed from the single conical or epidermal tegument of the tail? The bone on which the root of the rattle rests consists of the last caudal vertebrae and is covered with a skin which is the beginning of the rattle in young rattlesnakes. The "New International Encyclopedia" says: "The curious epidermal structure at the end of the tail consists of a tapering series of amber-colored, horny, flattened bells which

our position is unprecedented. We have gone to war with an European power. In a war which was purely European in its origin. We are co-operating with several European powers against European powers at the present are holding a great war council, a. our own capital with representatives of two European nations. No alliance has been formed, no treaty has been made.—Boston Transcript.

## SUBMARINE ANTIDOTE.

(Philadelphia Record.)  
The whole history of modern warfare seems to be the story of a race between the means of attack and of defense. As the size and penetrating power of projectiles, for instance, have increased, the thickness and strength of protective armorment have been correspondingly augmented, and the contest is still on between these two forces. Never were they so strikingly balanced as when the Confederates in March, 1862, sent the ironclad Merrimack against the wooden vessels of the Union in the Hampton Roads. On the very next day after this terrifying monster had sunk the Congress and the Cumberland and threatened with destruction the remainder of the helpless fleet, Ericsson's Monitor, built for sea, appeared and turned defeat into victory. Never before had protection so quickly overtaken attack.

It must be considered most remarkable, therefore, that the antidote for the submarine has not yet been discovered after nearly three years of war. Undoubtedly there is one, but naval inventors and scientists have so far failed to bring it into existence. So last week it was stated that the chairman of the Naval Consulting Board had forwarded to Washington plans to deal with the submarine problem, which, it is believed, have solved the problem successfully. Possibly this may be the long-sought solution, whatever it is; but obviously it will not be well to bank too heavily upon this prediction, which seems to have been too hastily made. Whatever form this defense takes, if Chairman Saunders' prophecy shall be fulfilled, will, of course, be regarded as a naval secret, so that the practicability of the method will not be known for some time. Inasmuch as the submarine is an American invention it would be particularly appropriate if the means of countering it successfully could also be discovered here.

Dispatches from Washington state that the menace of the undersea warfare engages much of the attention of the British and French commissioners, and that all sorts of suggestions are being made for checking their activities either by thickly scattered mines or by an attack upon their bases. The British cannot be fairly blamed for having shown a lack of inventiveness and initiative in this matter. Their naval officers and scientists have wrestled with it persistently, and throughout the world many keen minds have grappled with it equally in vain. That an effective defense is possible there can be no doubt. Great will be the triumph of American genius if it is the first to make the discovery. Just as Ericsson's Monitor revolutionized naval warfare more than half a century ago by its substitution of iron or steel for wood in naval vessels, so the antidote for the submarine, when it shall be found, will remove a particularly dangerous menace to honorable means of making war.

Purity and Power  
Necessity to Overcome Impure and Weak Conditions

The recent trying weather, exposure to storms, the grip, hard colds, pneumonia, fevers, diphtheria and other blood-poisoning, prostrating diseases leave the whole system unbalanced—below par—weak and slow—blood-depleted and thin, with that feeling, poor appetite, delicate digestive power or almost none at all.

The ideal treatment is Hood's Sarsaparilla—to be taken before meals and thoroughly to purify the blood and expel poisons, and Pepsitron Pills to be taken after meals to put power into the blood, give strength, increase red corpuscles and restore normal health-tone. Hood's Sarsaparilla has for 40 years won and held the favor of the people.

Pepsitron Pills are named from pepsin and iron and include nux and other good blood and stomach tonics. Be wise and begin on this sensible, reliable course of medicine today.

are locked into one another. The oldest or terminal bell (the button) is in reality the horny covering of the tip of the tail which was not discarded when the skin was first molted. At each successive molt the tip is pushed out by the new skin, and so a bell is added at the base with a new shedding of the remainder of the skin.

That Pacificista.  
Today I do not want to sing—  
I'm neither glad nor solemn.  
And so I write this foolish thing  
To fill the "Bloomer" column.  
—Jack Warwick in Toledo Blade.

Today I do not want to sing.  
I have no heart for "triumph."  
I want to find a brick to bang  
On the head of "Bill" or "Tom."  
—Judd Lewis in Houston Post.

At least, if you don't care to sing.  
Take that brick from your tent;  
And if you must fling anything  
Fling Stone out of the tent.

Frank of About It.  
It has been said that the prosperity of a country and the standard of living of its people are measured by the consumption of sugar.—Cincinnati Enquirer.

We have long suspected that sand had something to do with it but never had the courage to come right out and say so.

Advice.  
This plan will work in any land.  
And pay you dividends.  
Praise men and flatter women, and  
You'll have a lot of friends.  
—Luke McLuke.

They'll fall for flattery, I admit.  
But let me tell you one.  
With mothers if you'd make a hit  
Their babies you must kiss.

Mister I. Gormite.  
I'm glad to state.  
Though rather late.  
That Willie did exist.  
But he was old.  
And fore he'd go  
I had to use my fist.

Since he has left  
And I'm bereft  
It now is my intention  
To hang on tight  
Till I get my pension.

But don't get gay!  
And let me say.  
I think you had your nerve  
To run Bill down.  
Though he's a bound  
That one right I reserve.  
—Mrs. Willie Gettit.

you. Car open at 9 a. m. to noon; 1 p. m. to 5:30 and 7 to 9 p. m.

## If You Want Beautiful Hair

You can easily keep your hair in fine condition if you will be careful what you wash it with. Do not ever use cheap soap or cheaply prepared shampoos that contain too much alkali as they are liable to dry the scalp and make the hair brittle.

The best thing to use and the least expensive is kreamol, a liquid which cleanses the hair and scalp thoroughly. It makes an abundance of rich creamy lather and rinses out easily and removes the dirt, dust and dandruff. Simply moisten the hair with water and rub in one or two teaspoonfuls, massage well and then rinse in clean water. Almost any drug store can supply you with kreamol and a four ounce bottle is enough to last every member of the family for many weeks.—Adv.

Kreamol is sold at Evans' Drug Store (Warden Hotel Block), Newark, Ohio, and Ullman's Drug Store, Granville, Ohio.

## Resinol Soap

### a friend to tender skins

Many ill-made toilet soaps contain free alkali, a harsh chemical which tends to dry and injure the skin or hair. Resinol Soap contains absolutely no free alkali, and it is added the soothing, healing Resinol medication, which doctors have used for over 20 years in treating skin troubles. Thus it comforts tender skins, and helps nature clear the complexion and keep the hair rich, lustrous and free from dandruff. Sold at all druggists' and toilet counters.

## Society

The following announcement has been received by a number of Newark friends:  
Mr. and Mrs. George Clinton Fidler Announce the marriage of their daughter  
Nellie May Belle,  
to  
Mr. David Sanky Whitehouse,  
Saturday, April 28th,  
Nineteen hundred seventeen,  
Lakeland, Florida.

At home after May 18th, Lakeland, Florida.

The announcement will come as a great surprise to the many friends of the bride here, she being well known by the younger crowd, and having resided until a few years ago, with her parents, in North Williams street, this city.

The events of the week are featured by the numerous pretty afternoon parties arranged to honor Miss Louise Norpell. On Monday Miss Mary Sherwood Wright entertained at her home with a luncheon, and today Miss Pearl Mercer is honoring her house guest, Miss Myrtle Gottshall of Mt. Vernon and Miss Norpell with a sewing party. On Wednesday Mrs. Donald Ferguson entertains for the pleasure of Miss Norpell with a luncheon at her home in Granville street. Mrs. Harry Baker and sister, Mrs. Harry Chilcote of Indianapolis will be hostesses Friday at an afternoon party, and on Saturday Miss Norpell will be complimented by Miss Bertha Latimer who she entertains at her home in Hudson avenue with a sewing party.

On Wednesday afternoon, May 9th, at 2:30 o'clock, the Ladies Aid society of St. John's Evangelical church will observe its forty-fifth anniversary of organization. Rev. Robert R. Fillbrant of Zanesville will be the speaker on this occasion. The society was organized on the 8th of May, 1872, with 12 charter members. The present membership has almost attained the 100 mark. The officers at this time are Mrs. S. Ritzer, president; Mrs. E. N. Kraft, vice president; Mrs. Henry Vogelsmeier, treasurer. The ladies have worked faithfully in their quiet and devoted way and have rendered invaluable service to the church.

After the devotional service a luncheon will be served in the parish house.

On Monday Miss Mary Sherwood Wright entertained at her home in the Granville Road with a luncheon of charming appointments, honoring Miss Louise Norpell and Mrs. Howard Upson. A mound of vari-colored flowers centered the table from which extended ribbons to the place cards. When the ribbons were drawn the centerpiece was found to be favors of corsage bouquets for each guest. The guests were Miss Louise Norpell, Mrs. Howard Upson, Mrs. George Upson, Miss Lucille Bradley of Duluth, Minn., Miss Dorothy Beard, Mrs. B. E. Ashbrook of Johnstown, and Mrs. Sherman Kimball of San Francisco.

The fifth wedding anniversary of Mr. and Mrs. Oren E. Sigler was celebrated at their home in Franklin township on Sunday. Mrs. Sigler was formerly Miss Ethel M. Smith. Dinner was served, and Mr. and Mrs. Sigler received a number of beautiful gifts. Music was furnished during the afternoon hours by Mr. A. M. Claggett, Miss Claggett, and Miss Louise Smith.

The guests were: Mr. and Mrs. Gid Smith and family, Mr. and Mrs. A. M. Claggett, Mr. and Mrs. B. E. Tavener, Mr. and Mrs. Leonard Smith and family, Miss Louise Smith, Charles Smith, Misses Effie McDowell, Lenis Smith, Virginia Thompson, Dorothy Moore, Messrs. Frank McCourt and Dick Rian.

Mrs. Elizabeth Moreland of Utica, was seventy-five years old on May 1, and Sunday, her children and a number of friends assembled at her home to celebrate the event. The hours were informally spent with music and at noon dinner was served. Among the guests were her six children: Mrs. Laura Walton and sons of Newark, Mr. and Mrs. Alonzo Crawford and family of Newark, Mr. and Mrs. Charles Moreland and family of Utica, Mr. and Mrs. Robert Moreland and family of Utica, Mr. and Mrs. Charles Larimore of Mt. Vernon, Mr. and Mrs. John R. Neibarger of Utica and fifty neighbors and friends.

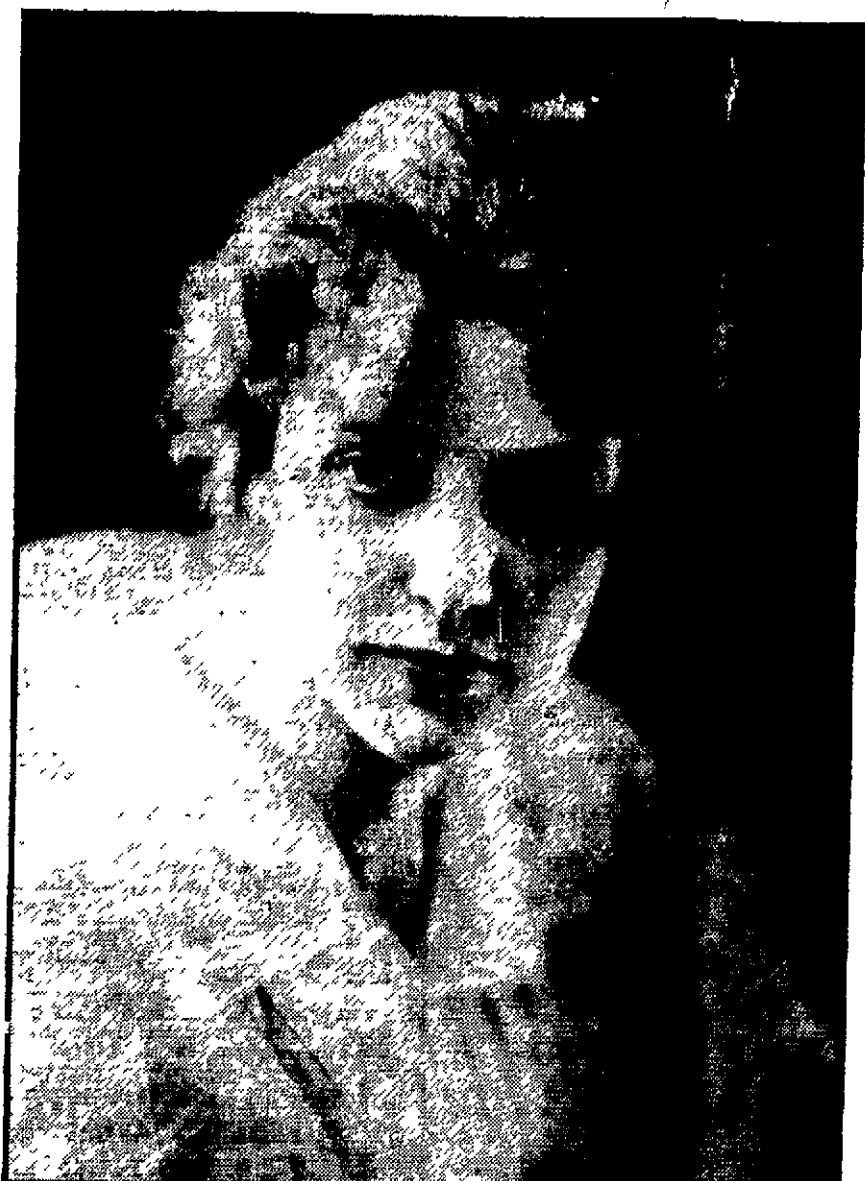

Lucas-Coulter.  
Simplicity in every detail marked the marriage of Miss Lorine Coulter and Mr. Lawrence Lucas at the First M. E. church, Tuesday morning at 8 o'clock.

Rev. L. C. Sparks, pastor of the church, read the double-ring marriage service. The bride was attended by Miss Myrtle Lucas, while Kenneth Coulter, brother of the bride, acted as best man. The bride wore a suit of natural shantung with trimmings of black satin, and a large black hat. The corsage bouquet was of white roses. Miss Lucas wore a tailored suit of dark blue.

Mr. and Mrs. Lucas will be at home to their friends at 127 Twelfth street. The bride is the daughter of Mrs. May Coulter of Twelfth street, she was graduated from the Newark high school and was a student at Denison University. Mr. Lucas is the son of Mr. and Mrs. Oren Lucas of

## RETURNS FROM VISIT

—Photo By Mueller.  
Mrs. Trevor Davies, of Chestnut street, returned today from Akron where she was the guest of Dr. and Mrs. Howard G. Withers. Mrs. Withers was formerly Miss Mildred Davies.

Twelfth street, and is teller for the Newark Trust company.

Mrs. William Lump entertained the members of the S. G. club at her home in West Newark, Monday evening. The event was planned as a farewell party for Mrs. Anthony Fell who leaves soon for Lima. The hours were devoted to games, music, and a delicious luncheon was served the following members and guests: Mr. and Mrs. Clifford Campbell, Mr. and Mrs. Porter Foutz, Mr. and Mrs. Anthony Fell, Misses Irene Coke, Ione Coke, Nina Hawkins, Ada Holter, Mabe Baumgartner, Neva Baumgartner, Pearl King and Faye Emery of Hebron.

## Granville

[Special to The Advocate]

Granville, May 8.—The Greater Granville Association has invited the United Commercial Travelers, who convene in Newark next month, to spend June 8 in an outing to the college town. Already plans are being formulated for their entertainment, including an automobile ride through the village and environs, concluding with a visit to the Denison campus and buildings. Mr. H. W. Deming, president of the association, who is actively engaged in securing automobiles to carry the party from Newark, says that already fifty Granville cars have been placed at the committee's disposal, and at least twenty-five more in the township are expected to line up. Of course Newark will come to the fore with a sufficient number to accommodate the hundreds who are guests of the county seat. Carl Weiant has offered one of his fourteen passenger "busses" free. Licking county will doubtless distinguish itself in the hospitality shown these visitors.

The Spencer Bible class met in the parlors of the Baptist church last evening with a large number in attendance. At the regular business session, it was unanimously voted to omit refreshments in future from their monthly program and to donate the money to the Red Cross or the A. F. F. W. The remainder of the evening was spent in social entertainment and refreshments were served by Mrs. J. E. Cochran, Mrs. Nixon and Miss McCune.

On Friday afternoon of this week will occur the regular monthly meeting of the Licking County Equal Suffrage Association, of which Mrs. Clara M. Ogden is president. The meeting will be held in Newark at the home of Mrs. Charles McGruder, No. 940 Hudson avenue, beginning at 2:30 o'clock. Granville women will be cordially welcomed.

Mrs. Carrie Altrogge has as house guests her sister, Mrs. Hildenbrand of Pontiac, Mich., with her little daughter.

The audience at the Opera House last evening, old and young, were delighted with the screen production of the "Diary of a PUPPY," the first of the "Country Life Series" to be shown once a week until further notice.

In memory of its founder, Mrs. Bunyan Spencer, the Spencer Bible class will furnish the flowers for the Baptist church next Sunday—usually the privilege of the flower committee.

Kenneth Ullman, 18, who is engaged in business in Memphis, Tenn., expects to be in Granville for commencement.

A pleasing program was presented on Saturday afternoon by the piano pupils of Mrs. Mabel Ashton, at her home in East College street. Those taking part were: Margaret and John Chamberlain, Carrie Frances Shirk, Helen Harbottle, Elizabeth Chambers, Geraldine Arkley, and Winifred Johnston. Guests of the afternoon were: Beulah McLain, Grace Cleveland, Katherine Kohner, Mary Chesshire, Ernest Brelsford. Dainty refreshments were served by Mrs. Ashton.

Mr. and Mrs. Gale Seaman (Minnie Cross) of Los Angeles, Calif., have been visiting at the home of Mr. and Mrs. Cary Jones on North street. Mr. Seaman left today for a trip to the east.

## Personal

Mr. and Mrs. Oscar Scheidler and sons Richard and George have returned home after a week end visit in Dayton, O.

Mrs. Trevor Davies has returned from a two weeks visit with Dr. and Mrs. Howard G. Withers in Akron.

Mr. and Mrs. Oliver Kline returned to their home at Wheeling, W. Va., last evening after spending the week end with the latter's father, Mr. Frank Cress of Wilson street.

Mrs. F. A. Hill has returned from a visit in Lancaster with her son, James Hill and family.

Warren Weiant, Jr., a student at Cornell University, Ithaca, N. Y., is visiting for a few days at the home of his parents, Mr. and Mrs. Warren Weiant.

Max Bader is looking after business interests in Columbus today.

IV A. Hervey and Miss Hervey of Utica, are spending the day in Newark.

Mrs. T. M. Kier and daughter of Granville, are visitors in Newark today.

Mrs. Robert Kirkpatrick will return to Newark this evening after having spent the past several days in Coshocton, guest of friends and relatives.

## HANOVER.

The Philathea class of the M. E. church was entertained at the home of Mrs. Harper, Tuesday of last week.

Mrs. William Herschberger of Newark spent Monday as the guest of her parents, Mr. and Mrs. F. G. Yancy.

Raymond Criss of Newark spent Sunday as the guest of friends here.

Miss Clarissa Arndt of Columbus, spent Sunday here, being the guest of her parents, Mr. and Mrs. C. B. Arndt.

Mrs. Margaret Mount of Chillicothe, is the guest of her sister, Mrs. Elizabeth Rogers.

Mr. and Mrs. Wm. Seest were in Newark, Tuesday.

Herbert McArthur of Newark, called on his parents, Mr. and Mrs. S. D. McArthur, Tuesday.

Mr. and Mrs. Otto Kusterholtz of Newark, and Mr. Otto Priest of Akron, called on friends here, Wednesday.

Mrs. J. W. Ryan and daughter, Dorothy, are visiting relatives in Zanesville.

Mrs. J. C. Willard and daughter, Annabel, were guests of Mrs. Willard's sister, Mrs. Raymond Gundy of Newark, Friday.

Miss Emily Weaver was in Newark, Saturday.

Wm. Moran was injured while working on the cement gang east of Hanover.

The ticket agent from West Lafayette, moved his family here, last week.

## TONO-NERVE

THE TONIC OF TONICS

Offers Health, Vigor, Vitality and Hopefulness

To those who have suffered long from ill health, poor blood, weak nerves, debility or premature decay, which follow overwork, errors and excesses or other causes, and have been restored to health, vigor and hope by the use of Tono-Nerve, the great nerve tonic and blood remedy, there comes that fine feeling that must come to the person groping in darkness, who suddenly emerges into light, marvelous restoration. This famous and unique remedy has been the blessing of thousands bringing light where there was darkness, hope and joy where before was misery, weakness and despair. Your druggist will refund your money if Tono-Nerve fails to help you. The City Drug Store, Newark, O. 5-8-10

## Obituary

Funeral of Mrs. Verheyen.  
The funeral of Mrs. Wm. Verheyen was held at Corning Monday morning at 8:30 o'clock at St. Bernard church, Father O'Neill officiating, and six grandchildren acting as pallbearers. She was born December 10, 1848, at Dalhousie, Germany, and came to this country October 16, 1881, making her home in Buckingham and later moving to Corning in 1884, where she made her home until her death; her husband died July 8, 1904. She was the mother of eighteen children, six of whom are living: Frank, of 198 Granville street, Newark, O.; Mrs. Wm. Estenkemper of Glouster, O.; Mrs. Wm. Thirron of Columbus, O.; Charles, Mrs. Thos. Morris and Mrs. Fred Quinn of Corning, O.; also, thirty grandchildren and four great-grandchildren are left to mourn their loss.

John W. Stump.  
John W. Stump, aged 61 years, died at the Newark Sanitarium, Tuesday morning at 2 o'clock, death resulting from injuries received in a fall a week ago. He was a stonemason, and while engaged at work fell from a house in East Main street.

He leaves two brothers, Joseph Stump of Zanesville, and Harvey of this city.

The funeral services, which will be private, will be held on Thursday afternoon at the home of Harvey Stump, 15 Ninth street.

Edward G. Hamilton.  
Edward G. Hamilton, 52, died at the home of his daughter, Mrs. Helen Miles, Zanesville, Monday evening at 6 o'clock. Death resulted from a four-weeks illness following a nervous collapse.

He is survived by his aged mother, his daughter and one son, Bernard, of Zanesville, and five brothers and sisters, one of whom, W. E. Hamilton, resides in Newark.

W. J. St. Clair.  
W. J. St. Clair, aged 84 years, died at his home near Zanesville, Sunday night at 11 o'clock. He was a well-known farmer, and leaves three sons: Charles B. St. Clair of Chicago, Aurice St. Clair of Newark, and Edward St. Clair of New Concord, and one daughter, Mrs. Elma Smith of the home. Funeral services will be held at Mt. Zion, Wednesday morning at 11 o'clock.

Fred W. S. Seymour.  
In the passing of Mr. Fred Seymour on Easter morning from his home in Granville, both Newark and Granville lost a very rare spirit.

Lifted out of a busy life many years ago by the effects of a terrible accident, to many of us he was always known as an invalid in a wheel chair.

But what a dignity he brought to that chair; what cheer and strength and humor, in spite of the bodily limitations. Far from being a drag he was the life of the company he was in and he had ready tact and courtesy, his gentleness made him a beloved host in an ideal home surrounded by his loyal wife and daughter and a circle of devoted friends.

Through all the years of terrible suffering, suffering borne with the most heroic courage his clarity of vision and his blithe sunny outlook on life never became dim.

Not self-centered like most invalids he would not allow his bodily ills to shut out the sunshine of the world.

Always interested in the joys and sorrows of others his mind open to new thought—alert, generous, his life was a fine sermon on self-sacrifice and control. As Professor Williams said of him, "There are some persons who have a great power to do—but little power to endure."

They can accomplish much in the way of aggressive activity but have small patience when it comes to bearing pain.

There are others who are obliged to suffer far more than falls to the most of us and they are very successful in bearing the burden of pain.

Of the latter class Mr. Seymour was a conspicuous example. For many years never free from pain—unable to walk or see, yet no word of complaint ever came from his lips. He was always cheerful, with a cheerfulness that was contagious, an alert mind, abounding intelligence and a kindness which gave no sign of the pain he was suffering. He was one with whom it was a great delight to converse. In his quiet way he taught the whole community most impressively how to endure pain. In the seclusion of his home he was a blessing to all who came within the reach of his influence and his memory will abide as something precious in the hearts of his friends.

It seemed a wonderful and fitting thing that he should go on Easter morning with the first call to arms. Like his prototype—the little lame son of the colonel who had wanted to be a soldier in Mrs. Ewing's famous story—he loved the "bug of war" hymn—"The Son of God Goes Forth to War." Brave soldier that he was he had earned his "Iron Cross 55 just as surely as any hero on the battle field of the world.

A Friend.

Every Day Etiquette

"Is it polite for persons alone on a train to monopolize a whole seat?" inquired George.

"Commuters should eventually not occupy an entire seat for each person while allowing others to stand," said his father.

"Should girls ask young men to call or should the men ask the girls?" asked Gwen.

"If a man shows a girl some attention, she may ask him to call and leave it to him to follow up the invitation by asking for a special night," was her mother's advice.

The Motor Messenger Service is affiliated with the Emergency Aid, and has already two hundred women enrolled in Philadelphia.

## Tingling-All-Over-Cleanliness

That's the description of the JAP ROSE Bath. The reason is that JAP ROSE represents the greatest skill in soap-making; the farthest advance in the art of preparing toilet soap.

makes one "peculiarly clean;" a cleanliness known and experienced by millions of people who prefer it above all others. Try it tonight; know for yourself. Sold by leading Grocers and Druggists.

### Amusements

**LAUREL.**  
The Mardi-Gras Girls opened last night to a large and well pleased audience. This company is above the average in musical comedy company. The comedy is in the hands of Morris and Omsby and left nothing to be desired. They were assisted by a bevy of pretty girls and the singing was well taken care of by the southern harmony trio, Miss Bessie Palmer, Jesse Collins and Nick Torking while the patriotic finish of the soldier boys in khaki and the songs "America" and "Here's My Boy," sang by Miss Shaw, made the play very agreeable, as everything is clean and nothing said or done that could offend any one. They carry their own special scenery for every play and they will change their program every night this week.

**AUDITORIUM.**  
Last Night's Show.  
The Smart Set company, headed by Salem Tutt Whitney and J. Homer Tutt, composed of 30 colored players, gave a pleasing entertainment at the Auditorium last evening, the title of the vehicle being "How Newtown Prepared," being a musical jingle in two acts and seven scenes. The balcony and gallery were sold entirely out while the lower floor was comfortably filled. Colored society was out in force, several of the boxes being occupied by persons in evening dress. The comedy work of Salem Tutt Whitney was most enjoyable, he patterning after Bert Williams, and their voices and actions being almost identical. There were a number of good singers with the company and the dancing specialties were also enjoyable. The chorus was well dressed, well selected and contained some very brightly and good looking girls. The Smart Set company has appeared here on several previous occasions but the one here last night made an excellent impression and will undoubtedly be greeted with a crowded house when it appears here next season.

**"The Price She Paid."**  
At the death of John Gower, his widow and daughter, Mildred, find themselves with only a few thousand dollars, as the family had lived almost up to the limit of Gower's income. Mildred's mother tells her it is necessary that she should marry money. Mildred is fond of Stanley Baird, but her hopes in this direction are shattered by the announcement of his engagement to another woman. Mrs. Gower marries Presbury, an elderly man who thinks she is wealthy, and when he learns the truth he begins taunting Mildred until she is willing to do anything to escape from her humiliating position. This wonderful seven part Selznick master photo play will be seen at the Auditorium today and tomorrow.

**Coburn's Minstrels.**  
That company that always delivers the goods, never disappoints and presents every season an all new production and performance. J. A. Coburn's greater minstrels, will appear at the Auditorium, matinee and night, May 10. It's the big fun show, with a band singing, a great quartette and real comedians, who work hard at all times to deliver your money's worth. Manager Coburn is proud of his record and guarantees this the best company he has ever had. Don't miss Lucas, the popular basso in songs, Clifford, the phenomenal baritone, Charles Cameron as Princess Ramee in operatic numbers, Pierce Dileker, Earl Rowland and Brian Melvin, tenors, in the latest minstrel ballads, Charlie Gano, the master minstrel, Charles Veinmont, the ludicrous con, singing legman, Tom T. Post, the singing dancing tango trombone cut-up, Bonni Mack, dancing impersonator, in new dances and impersonations, Toledo the marvelous euphuist, Lanch & Lane in acrobatic comedy, an all new musical number by the three Cate brothers. Seats free.

**"Fatty" Arbuckle.**  
Roscoe Arbuckle (Fatty) will be seen at the Auditorium next Friday and Saturday in his two reel comedy, "The Butchery Boy." The comedy is from the Paramount Co. and is said to be one of the greatest comedies of the year.

**"The French Frolics."**  
What a young woman can accomplish when she has brains, and brains enough to use them is being demonstrated by Lena Daley, who comes to the Auditorium next Monday with "The French Frolics." Miss Daley was formerly a member of the Winter Garden company and was impressed by the popularity of the runway extending from the stage out over the heads of the audience to the theater lobby, in which song and dance numbers are staged. Why can't we utilize this same idea in burlesque was a query she put to the producers of "The French Frolics." "If the Winter Garden runway is patented I'll devise one for your use," it's a good idea," said the producers, "go ahead."

She took them at their word, directed the construction of the illuminated runway that is entirely different from all others and is now one of the big features with "The French Frolics" and now she is drawing down each week her runway royalty as her salary.

**The Coburn Players.**  
The Coburn Players, who made the most sensational success of the theatrical season last winter in "The Yellow Jacket," will present this most charming of plays at the Auditorium soon. When the Coburns took "The Yellow Jacket" into the metropolis it was intended to give a short series of matinees on "off days" at the Cort theater, but such was the insistent demand for its continuance that it remained for five months, most of the time at regular performances at the Harris theater, playing to crowded houses.

**ALHAMBRA.**  
Little Billy Jacobs, the clever child actor, plays an important part in "The Tides of Barnegat," a Lasky-Paramount production which will be the attraction at the Alhambra tonight. Billy has the distinction of being the only five-year-old actor in the country who owns his own automobile and pays his chauffeur out of his salary.

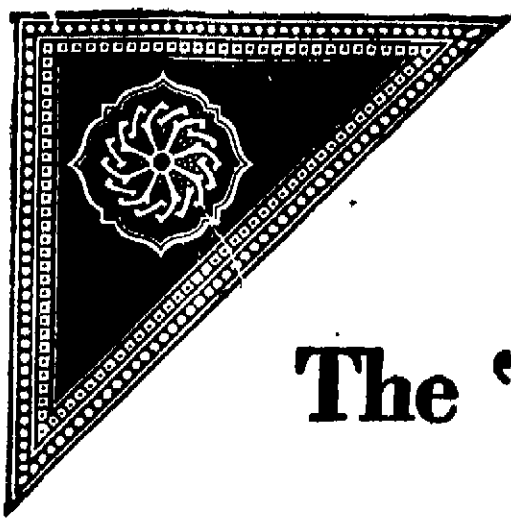

Wednesday and Thursday Wm. A. Brady presents Ethel Clayton in "Man's Woman."

Friday and Saturday, A greater contrast than that between "Sapho" and "Sleeping Fires," could hardly have been found. In "Sapho" she plays the part of a soft, creature while in the latter picture she appears as a devoted wife and mother.

## The "Millionaire Regiment" and Fatimas

Last summer while New York City's famous 7th Regiment (sometimes called the "Millionaire Regiment") was encamped on the border at McAllen, Texas, a record was kept of all cigarettes sold.

Fatima's sales averaged 42,680 per month; the next most popular cigarette averaged 17,600.

This big preference for Fatimas is simply one of the many indications that more and more men,

every day, are finding that Fatima's delicately balanced Turkish blend is not only more pleasing in taste, but is far more comfortable too.

More comfort while you're smoking and also afterwards. For, even though you may smoke more than usual, Fatimas never remind you of it. They're a sensible smoke.

The next package you buy—get Fatimas.

Liggett & Myers Tobacco Co.

**WILLARD PLACES PLANS BEFORE WESTERN ROADS**  
Chicago, May 8.—General plans for the mobilization of the rolling

stock of the various western roads for war purposes, with particular reference to transporting foodstuffs and munitions to eastern bases were laid before railway heads here today by Daniel Willard, president of

the Baltimore and Ohio Railroad and head of the railroad commission of the National Council for Defense.

Mr. Willard said that efforts would be made at once to put the transcontinental transportation lines practically on a war footing for the immediate work of getting the nation's foodstuffs to the people here at home and to the Atlantic seaboard.

## KING'S OVERLAND SHOE SALE

Of Men's, Women's and Children's Dependable Stylish Shoes Growing Greater Each Day

When Women are Weak

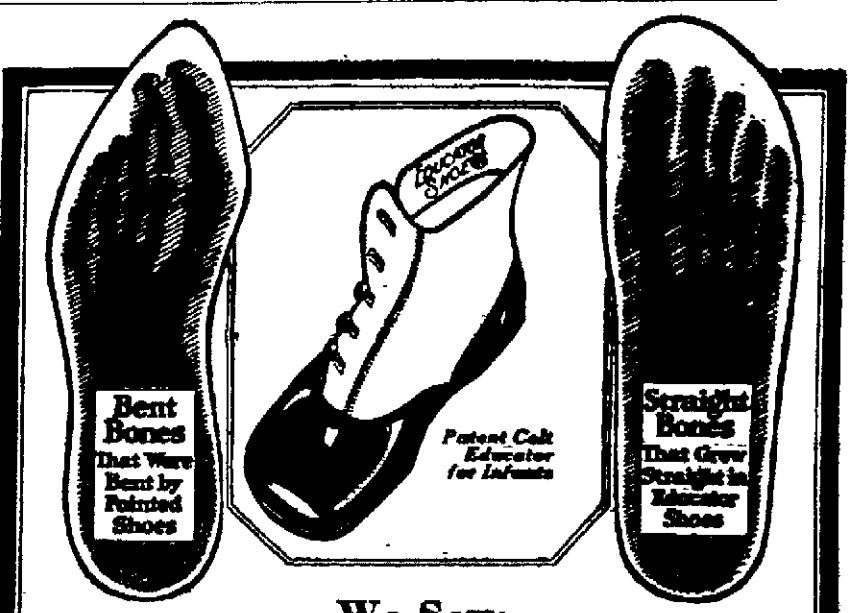

Women who feel weak, languid and depressed—who look pale and dull-eyed, and have lost appetite and fresh looks—need a tonic that will purify the blood, help the organs of digestion, regulate the liver and bowels, and strengthen the system. It long has been known that

Beecham's Pills

are a blessing to weak women, for they quickly correct womanly ailments, improve the appetite, purify the blood and re-establish healthy conditions. They are safe to take as they are purely vegetable and without any harmful drug. A few doses will bring better spirits, improved health, a feeling of fitness and

We Say: Get Acquainted With The EDUCATOR SHOE

DO you know the cause of corns, bunions, flat feet, callouses and ingrowing nails? It is pointed, pinching, bone-bending, "fancy" shoes. Why go on wearing such cruel shoes, when experts have built such a comfortable, restful, good-looking shoe as the Educator?

MADE FOR MEN, WOMEN, CHILDREN Get into Educators today, and know their wonderful comfort. Get your shoes made into Educators. The EDUCATOR mark on the sole is your guarantee of the correct orthopedic Educator shape that "lets the feet grow as they should." Made only by Rine & Hutchins, 35 High St., Boston, Mass.

P. M'DONNELL & SON TWO DOORS SOUTH POSTOFFICE

NEED RAILROADERS TO REPAIR ROADS FOR FRENCH ARMY

(ASSOCIATED PRESS TELEGRAM) Washington, May 8.—Arrangements were made today to recruit between 11,000 and 12,000 expert railway men for nine new volunteer regiments of army engineers to be sent to France "at the earliest possible moment" to repair and build railroad lines needed urgently in the big push against the German line. They will be the first American troops to serve on French soil, and though their work will be behind the trenches and they will be given only slight military drill, American officials are counting on their impressing the French and British and even German soldiers, with the fact that the United States is truly in the war. Volunteers will be received by the regular army and National Guard recruiting agencies in New York, Chicago, St. Louis, Boston, Pittsburgh, Detroit, Atlanta, San Francisco and Philadelphia. Labor unions and railway officials are expected to cooperate in gathering the desired force, and care will be taken not to take so many men from any single line as to disrupt its working organization.

RECRUITING IS STARTED. (ASSOCIATED PRESS TELEGRAM) New York, May 8.—Recruiting for a volunteer regiment of engineer troops to be known as the First Reserve Engineer Regiment, began here today under the direction of the military engineering committee of New York. The call for volunteers for the regiment was issued last night, immediately following receipt of the order from the war department authorizing the committee to proceed with its organization.

According to the statement issued by the committee the regiment will be commanded by Lieut. Col. C. H. McKinstry, corps of engineers, U. S. Army. The regiment will consist of 1,061 men and 37 officers and will be armed and equipped as a military unit. It will be recruited from the construction and railroad forces in the metropolitan district. The only complete regiment of engineers in the National Guard is the Twenty-second regiment of New York. It was said today that the Twenty-second is ready to go. It is already recruiting up to more than 100 per cent of full war strength and its equipment is serviceable enough to permit of its taking the field on a moment's notice. It is asserted that within a few days the lacking 15 per cent can be obtained.

C. OF C. MEMBERS URGED TO PAY DUES PROMPTLY

Members of the Chamber of Commerce, who have paid their dues for the new year, 1917-1918, are delighted with the new visiting cards which they are receiving. These cards contain the names of more than 150 chamber of commerce, boards of trade and commercial clubs in as many cities ranging from New York City down, with which the local body exchanges reciprocal relations. The membership and finance committee is urging members to pay their dues promptly and avail themselves of these cards when traveling from home. A number have used them in this way and are much pleased with the courtesies afforded them. In laying out the year's program of work, the board of directors will be guided by the funds available and the way in which the dues are coming in. If firms and persons who are in a position to pay at once delay sending in their checks, the work of the organization will be crippled just that much, and an additional overhead expense will be imposed against the chamber to get in its come. The membership and finance committee is working hard to keep down this useless expense.

BIG FURNITURE MERCHANT ALL IN

BUT HE GETS NEXT TO HIMSELF IN TIME.

All the customers and clerks noticed how run down and nervous he was, he knew it himself but could not head it off. Finally his bookkeeper told him to try Phosphated Iron, that it had cured her father, a traveling man. He said he had lost faith in everything but figured it was worth a trial as a last resort.

You should hear him boast Phosphated Iron now, even has a dozen or so on hand to start his friends on the road to well-being and they have all thanked him for putting them right. He says he felt better after the first day, that his whole system seemed to be hungry for Iron the way it took hold and the Phosphates seemed to settle his nerves at once, he ate better and could sleep nights and get up in the morning feeling fit.

Hundreds of men and women say Phosphated Iron has renewed them with rich healthy blood, giving them just enough Iron and the Phosphates straightened out their nervous systems as nothing else could. All say Phosphated Iron sure is a long looked for blessing.

Go to your druggist and get a package today and put yourself right, square up to the job. Special Notice. To insure your receiving the genuine Phosphated Iron we have put up in Capsules Only. Do not allow dealers to substitute Tablets or Pills. Evans' Drug Store, Newark, O., and leading druggists everywhere. (Advt.)

DRUGGIST TELLS HOW TO STOP INDIGESTION

Recommends to Stomach Sufferers a Real Remedy.

"It is a wonder some of us have stomachs left," remarked a well-known drug clerk recently. "While all drug stores sell a score or more of stomach remedies for which there is a wide demand, many of them are just pepsin pills which aid or artificially force digestion of the food that is in the stomach at the present time. They have no curative or strengthening effect on the stomach at all, and of course do not reach or cure the cause. So the same people keep on coming here and buying and using them until they are real chronic dyspeptics. When anyone really asks my advice, I swear by and recommend ordinary bisurated magnesia, which doesn't digest the food at all but acts as an antacid and astringent and sweetens the sour, highly acid contents of the stomach. That stops the pain, heartburn, sour rising, gas, bloating, fullness, etc., of acid dyspepsia in just a few minutes, and the stomach digests its food without help or trouble, which is the proper way. Of course there are many kinds of magnesia but only one who have stomach trouble should insist on getting it in the form of Bisurated Magnesia. This comes in powdered form and in tablets—never as a liquid or milk." A lot of bisurated magnesia is sold in Newark. All druggists have it and a teaspoonful in a little water after every meal will quickly relieve almost any case of acid indigestion. (Advt.)

CHEAP MILK

"EAT LESS AND DRINK MORE MILK."

"MILK SHOULD BE USED AS A FOOD, NOT AS A BEVERAGE."

A recent letter from the Dairy Division of the United States Department of Agriculture, is authority for the following statement: "Milk even at 15c a quart is a cheap source of energy as compared with surloin steak and eggs."

If this statement is true, then what a bargain the public of Newark are receiving in our clarified, pasteurized milk at 9c per quart. THE LICKING CREAMERY CO. ELMWOOD COURT. 5-8-12-15-19

HERO OF DOG RACE IS RECRUIT IN AVIATION

Chicago, May 8.—Fred S. Hartman, hero of the dog race from Winnipeg to St. Paul, Minn., last February, reported to the Central Department, U. S. A. here today as a volunteer for the army aviation corps. Competing against the picked "mushers" of the Hudson Bay district, on the verge of collapse from frost bites, wounds and loss of sleep, and with one of his lead dogs dead, Hartman won the plaudits of the entire north country for the determination shown in finishing the race over the 570-mile snowbound trail.

THREE GENERATIONS OF WOMEN.

The young women of this generation, their mothers and grandmothers have proved from actual experience that Lydia E. Pinkham's Vegetable Compound overcomes the suffering caused by female ailments and restores them to a healthy condition. This famous medicine contains no narcotics or habit-forming drugs—but is made from medicinal roots and herbs, nature's remedy for disease. If you are suffering from any form of female ill, it will pay you to give it a trial. (Advt.)

City Teachers Examination. A city teachers examination will be held in the Newark High school building on Saturday, June 2, 1917, commencing at 7:30 a. m. Wilson Hawkins, Clerk of Board of Examiners. 5-Stues4t

III With Appendicitis.  
Miss Esther Williams of South Fifth street, was taken suddenly seriously ill, Monday night, suffering with appendicitis.  
Removed to Home.  
Clarence "Buster" Bowman, one of the proprietors of the Service Taxi line, who was operated on for appendicitis at the private hospital in Granite street ten days ago, was removed to his home in West Main street in the Criss Brothers ambulance late yesterday afternoon. He is getting along splendidly and his physician expects to have him on his feet within a few days.  
In Trouble Again.  
John Ridenour, he of wooden leg fame, was in police court again this morning charged with intoxication. When John imbibes too freely he cannot navigate with accuracy and manage his cork leg and as a consequence he fell and badly bruised his head, also receiving a number of scratches over the face. He will receive treatment at the city prison, together with free board and lodging for the next ten days.  
Serious Charge.  
A colored fellow named Henry, who has been doing porter work around town, and who claims to be from "Kaintucky, sah," was arrested in North Park Place last night upon the charge of insulting several white women. Henry's liquid capacity was overtaxed and he was not in a fit condition to be tried this morning and the hearing went over to this afternoon.  
Father Complained.  
A young man was arrested on complaint of his father, who charged the son with intoxication and neglecting his wife and children. Mayor Bigbee heard the charges and fined him \$5 and the costs and turned him over to the juvenile court for investigation.  
Hearing Postponed.  
The five young men charged with fighting and intoxication, who were to have had a hearing in police court

yesterday afternoon, gave bond for their appearance and asked to have the trial postponed until this afternoon at 2 o'clock, which request was granted by Mayor R. C. Bigbee. They have employed an attorney and will contest the charges against them.  
Captain Bell Ill.  
Cap. Robert Bell, a former captain of the police department, now employed at the Wehrle plant, who was taken quite ill several days ago, is still confined to his room at his home in Mount Court.  
Superexcellent Master Degree.  
The members of the drill team and the officers of Bigelow Council R. and S. M., No. 7, are requested to meet Monday evening, May 14 at 7:30 p. m. for practice. It is very important that the members be present as there is only a short time to make preparations for inspection in the work.  
Isabelle Miller W. C. T. U.  
The Isabelle Miller W. C. T. U. will meet at the Central Church of Christ, Wednesday evening at 6:45 o'clock, to attend the tabernacle meeting in a body.  
Dorcas Bible Class.  
The members of the Dorcas Bible class are requested to meet in the parlors of the Central Church of Christ on Thursday afternoon at 1 o'clock to attend the funeral of Mrs. Ora S. Hendron.  
May Come to Newark.  
The Clay City Bending company, which now occupies the premises in Zanesville, purchased by the Ketrophone company of Newark, will have to seek a new location and is considering offers from Newark, Cincinnati and Lawrenceburg, Ind. They expect to vacate within the next 60 days, and they employ thirty men.  
Taken to Sanitarium.  
Mrs. William Ginger was removed from the Stewart farm three miles and a half north of Newark to the Newark Sanitarium yesterday in the L. N. Bradley ambulance.  
Birth Announcement.  
Mr. and Mrs. C. F. Alsop of St. Louisville, announce the birth of a 7 1-2 pound baby girl.  
Loyal Temperance Legion.  
All members of the Loyal Temperance Legion will meet in front of the High school building Wednesday evening at 7 o'clock.  
Dental Assn. Meets.  
The W. D. Miller Dental Association of Knox and Licking counties will hold the regular meeting in Utica on Thursday. There will be a number of members present from Newark and Mt. Vernon.  
Arm Fractured.  
Archie Gordon, a young man residing in Myers cigar store, in Fourth street last evening and fractured his left arm above the wrist. The injury was quite painful and after the fracture had been reduced Gordon was sent to his home in an automobile where he will be laid up for several days.

**RUMMAGE SALE.**

**A War Tragedy.**  
I understand he married to avoid going to war.  
I guess that's so?  
How are they getting along?  
Very unsatisfactory. They had their first battle a week ago.—Detroit Free Press.  
**Concomitant Actions.**  
Bill came to the office today half shot.  
What happened to him?  
He was fired.—Baltimore American.

**ASSESSORS TO CHECK UP RETURNS MADE BY LICKING RESIDENTS**  
County Auditor J. W. Hursey stated today that the assessors are taking up the work which he explained to them yesterday, regarding their duties under the new tax law. He stated that under its provisions there was no discrimination and that money heretofore invisible and which had escaped taxation, must now be listed at its true value.  
Auditor Hursey stated also that the man who listed his property at less than its value is not cheating the county, but is making his neighbor pay his taxes. It is the duty of the assessors to revalue that property which has been undervalued. Any assessor refusing to perform his duties or conniving at evasion, is liable for a fine of not less than \$100 or more than \$1,000. All property not listed must be listed by the assessor.  
The taxing officials will compare this year's lists with last and in that manner nothing will be overlooked. In some of the blanks which have been returned there is a wide difference in listing grain. That is wrong and the taxing officials will have to adjust it. No assessor has the right to grant the \$100 exemption unless he is satisfied that the taxpayer was physically incapacitated to make his returns.  
The deputy auditor and clerks have been kept busy assisting the assessors and while no totals have been made they state that they will be enabled to compare returns and show whether gains have been made in the different taxing districts within the next day or two.

**MEMORIAL DAY COMMITTEE HAS PLANS FORMING**  
The Memorial day committee is rapidly completing plans for the observance of that day here in a manner in which it has never been observed before.  
The memorial address will be delivered by Judge Ashman of Coshocton, who is well-known here as an orator of ability.  
The Grand Army and allied orders will attend the Second Presbyterian church, Sunday, May 21. Rev. Don D. Tullis will preach the annual memorial sermon.  
Monday afternoon of this week representatives of Lemert Post, Lemert Relief Corps, and the Daughters of Veterans participated in the Memorial day school exercises at Hebron. They were exceedingly interesting. Patriotic songs, something real to the Hebron schools.  
F. O. Spaulding, commander of Incho Camp, Sons of Veterans, will be chief marshal of the morning parade; Capt. Verne Priest will be chief of staff; Major F. G. Steele will have charge of the decoration ceremonies at Cedar Hill cemetery, and Capt. John Hiser at Mt. Calvary cemetery.

**NEWARK WOMAN HAS LEASED COAL LANDS; IN FAMILY MANY YEARS**  
Mrs. Charles L. Hogrefe, of Twentieth street, has returned from a three weeks' trip to her farm near Redfield, Perry county, where she reports great activity in the coal district. The Kentucky Coal company of Pittsburgh is stripping a great area of coal land with steam shovels equal in capacity to those used in building the Panama canal. There is also a mine on Mrs. Hogrefe's property which was opened two years ago by Mr. Austin Forgraves for the former owner, Jesse Lee Olive, and whose lease would not have expired until July, 1918, but by mutual agreement has been cancelled and Mrs. Hogrefe has re-leased the same for a period of five years to Herman Koehler & Son, of Sego, The mine is known as the Oliver-Hogrefe mine.  
This is one of the most historical spots in Madison township, having been in the Olive family since 1818, the present owner being of the fourth generation. Mrs. Hogrefe being an advocate of preparedness has ordered the farm planted to its full capacity. One meadow is plowed for the first time in 40 years.  
The coal production in this territory is the finest in the state, burning with very little ash and practically no soot or smoke.

**ROCK ISLAND CORN PLANTER**  
Edge-drop and flat-drop plates. No trouble to change plates—no delay, no linkerine.  
Two, three or four kernels in each hill, to suit different kinds of soil in the field. Change made instantly while in motion.  
You can't have an accurate planter without a positive clutch. Rock Island No. 1 has the most positive ever made. It can't fail to engage at the right time and give a full hill—can't fail to disengage at the right time and stop drilling corn into the valve.  
Lots of strong points—not a single weak one.  
Don't do a thing about either buying or using a planter this season without getting full and complete information about the Rock Island Corn-Planter. Price, \$47.50. Write to us today.  
CHAS. U. STEVENS,  
5-8, 11 & 14 27 South Third St.

## The Chances Are That While You Are Housecleaning

You will find you need some new floor coverings for some of your rooms. House cleaning at best is a difficult and tiresome job and possibly we can be of service to you.

A Telephone Call will bring one of our representatives, who will gladly take measurements for LINOLEUMS, RUG FILLINGS, WINDOW SHADES and DRAPERIES, and give an estimate of cost on any work you may want done.

### LINOLEUM FOR PRACTICALLY EVERY ROOM IN THE HOUSE

If you are under the impression that linoleum is intended for the kitchen and bath exclusively, we invite your inspection of the many handsome patterns we are showing, patterns and colors suitable for any room in the house.

### SPLENDID LINOLEUMS 65c SQ. YD.

Two yards wide, heavy printed linoleums, in wood patterns, plank effects, blue and green tiles and floral effects.

### THE INLAIN LINOLEUMS AT \$1.00 SQ. YD.

Is a hard smooth finish quality, two yards wide and a big range of patterns in tile and fancy block designs.

### A NEW TAPESTRY RUG FOR \$19.50

Regular room size, 9x12, a splendid assortment of patterns and colors in small all-overs, chintz borders and floral effects.

### THE BRUSSELS RUG AT \$13.00

Will make a splendid bed room rug. Pretty patterns in florals, medallion centers and Persian designs; 9x12 size.

### VISIT OUR CURTAIN SECTION

### SPECIAL OFFERING IN FINE CURTAINS, \$3.95 PAIR

Beautiful effects in Irish point and Brussels net curtains in white, ivory and ecru.

### FOR BED ROOMS

### THE 73c SCRM CURTAINS

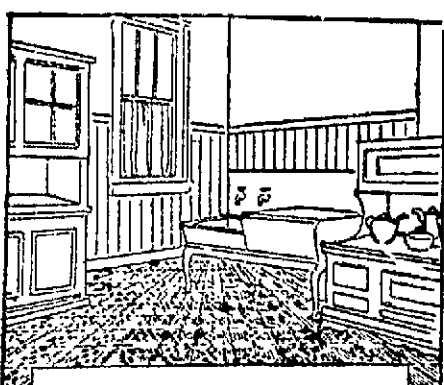

Will be very attractive. Shown in ecru scrim some plain hemstitched edge, others hemstitched and finished with lace edge.

### THE \$5.00 DUNLEY CLEANER

### IS FIRST CHOICE AMONG WOMEN

For many reasons. It's easy to handle, draws not only dust and dirt, but picks up lint and ravelings, sanitary, raises no dust when cleaning. These are only a few of its prominent features. Let us show it to you.

**The W. H. Mazey Company**

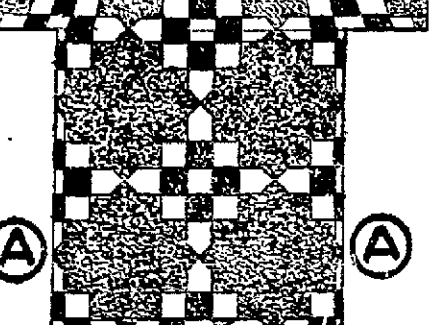

### Cleanliness in the Kitchen

Is a matter of much unpleasant work when it comes to floors, unless they are covered with

### ARMSTRONG'S LINOLEUM

It provides a bright, cheerful floor covering that is so readily kept spot and stain free that it simply can't accumulate.

Thoroughly good, but not expensive, and a variety of patterns from which to choose.

## COUNCIL DISCUSSES GARBAGE DISPOSAL AND CITY SURVEY AT LENGTHY MEETING

The city again faces the problem of proper disposal of its garbage and at last night's council meeting attention was called to the fact that the city again should give serious consideration to the proposal to install a garbage incinerator. The contract with the land owner where garbage has been disposed of in the past, has expired and prospects are that it will not be renewed. The land owner blames it on the garbage man and the garbage man in turn passes the buck to the householder. The city's contract provides that all garbage shall be buried so long as it is free from rubbish, a tin can in a bucket of garbage constitutes rubbish, and the land owner is not compelled to bury that can of garbage. The garbage man has been accepting such garbage when he was not compelled to do so under the ordinance so the blame finally goes back to the householder who has taken a chance on a single tin can escaping the notice of the man who hauls the garbage.

Health authorities in Madison and Newark townships are kicking on the manner in which the garbage has been disposed of recently. It is declared to be a menace against the health of the community. Health Officer Knauss admitted that they had a kick coming.

Service Committee member Seward told members of council, his committee would have a report on the proposed incinerator to be submitted at the next meeting.

Some of the barbs delivered by Dr. Manss relating to the survey of the city made by the B. and O. and submitted to the Chamber of Commerce last Thursday night, and their remarks. There were numerous references to this report in speeches made during the course of council meeting. Health Officer Knauss stated that Newark's death rate, which Dr. Manss pronounced as high as many of the largest cities in the country, was about the average of the larger cities of the state.

Councilman Adams also referred to the survey when he entered a protest against the practice of property owners permitting their buildings to be plastered with advertising matter for circuses. He mentioned one building in South Second street which he said presented a hideous sight.

Health Officers Knauss also called council's attention to the fact that the city water problem still was unsettled. He said the purity of the water would continue to be subject to suspicion so long as the present system of filtration was used, in as much as raw water frequently is pumped into the water mains for domestic use.

Council played true to form again by starting the meeting some 45 minutes late. Councilmen even after 8 o'clock were placing legislation on the desk of Clerk Woodward, who was endeavoring to get in consecutive order what business already had been presented. All members were present. Service Director Christian, Solicitor Norpell and Engineer Wells also attended the meeting.

Mayor R. C. Bigbee appointed John W. Miller member of the board of sinking fund trustees for a four year period to succeed himself. The appointment was confirmed.

The street committee recommended the improvement of certain streets and that the paving work on Main street from Raccoon creek to the Pennsylvania tracks and around the square be done at once.

The safety committee reported on conditions in the various fire department buildings. The report shows the deplorable condition of the headquarters station, urging complete rebuilding under the advice of an architect. Several paragraphs in the report charged Safety Director Bigbee with neglect. Director Bigbee called attention also to the danger from the weight in the tower. The work recommended at headquarters, Director Bigbee said, would cost about \$1,500.

The law committee recommended that the bill for overtime for employees of the light and water plant be not passed.

Mayor Bigbee made the following financial statement for April: City cases: fines, \$21; forfeitures, \$25; other collections, \$21; wagon fees, \$25. State cases: fines, \$81.86; mayor's fees, \$62; officers' fees, \$31.

Engineer Wells reported on estimate of cost on the following items: Fourteenth street sidewalk; Twelfth street paving; Evans street paving. He also submitted two deeds for right of way for a sewer.

Eight property owners on Twelfth street submitted a remonstrance against the paving of the street. Attorney Randolph, representing the property owners, remonstrating, addressed council on the subject.

F. W. Simpson submitted a plat of the Moser homestead addition to the city which was referred to the street committee.

An ordinance by Mr. Keyes accepting the same plat was given its first reading. Mr. Keyes also offered an ordinance to borrow \$1,000 for the public health department. It was passed on suspension of rules. A supplementary appropriation ordinance also was passed on suspension of rules. Dr. Shirer's special

assessment ordinance for the Prospect street and Gairner avenue sewers were passed on suspension of rules.

Councilman Curry offered an ordinance to levy special assessment for the St. Clair street sewer. It was passed on suspension of rules.

Councilman Adams ordinance to hire a "plum clothes" man for the police department and one defining the duties of the firemen drivers were given second readings.

Councilman Knauss' ordinance regulating the use of streets for gasoline tanks was read the second time. A motion to suspend the rules was lost.

Councilman Beadle's ordinance to vacate certain streets and alleys for the grade crossing elimination was read the third time and passed. A resolution was adopted authorizing City Solicitor Norpell to institute necessary legal proceeding to stop the construction of sidewalk along the west line of Neal avenue by Eli Hull.

A resolution authorizing the payment of \$200 and court costs for property acquired for the opening of Central avenue was adopted. Councilman Beale offered a resolution authorizing Buena Vista street residents to lay a 4-inch gas pipe in that street. It was adopted.

Mr. Keyes' resolution containing the annual budget for the year 1918 was adopted. The figures are:

General fund.....	\$ 4,000
Public health.....	4,800
Safety fund.....	54,000
Service fund.....	54,000
Library.....	2,400
Hospital.....	2,400
Interest and sinking fund..	\$6,000
<b>Total.....</b>	<b>\$208,000</b>

A resolution to construct sidewalks on Grant, Chester and Fourteenth streets was adopted.

A resolution providing for organizing a Newark Council of National Defense, composed of officers of the city and civic bodies, was adopted.

Councilman Beadle's resolution to construct a sewer in North Buena Vista street was adopted on suspension of rules. His resolution for the Arlington avenue sewer also was adopted. Another measure for a sewer in Florence street was adopted.

Mr. Curry's resolution to pave Evans and St. Clair streets were adopted on suspension of rules. A letter from A. H. Heisey was read calling attention to the need of a sidewalk along the Pennsylvania railroad tracks. He attributes the death of several persons along the railroad there to the fact that there are no sidewalks. Council already has passed legislation to provide for the walk.

## DUANE FULTON ENLISTS AS PRIVATE IN SUPPLY DEPT.

Columbus, May 8.—Duane Fulton, aged 22, son of Secretary of State Fulton, enlisted as a private yesterday in the quartermaster's corps, Ohio National Guard. He is a graduate of Washington University. Others who enlisted in the same branch of service were Paul H. Thompson, son of J. M. Thompson, clerk of the secretary of state's office, and Paul Hoover, employe at the state bindery.

## PACIFIST WHO ATTACKED SEN. LODGE ENLISTS

Boston, May 8.—Alexander Bannwart, who engaged in a fistie encounter with Senator Lodge while acting as a member of a peace delegation to Washington several weeks ago, enrolled yesterday for the officers' reserve training camp at Plattsburg, N. Y. Bannwart said that he regretted his trouble with Senator Lodge and was anxious to take an active part in the war.

## ODD MAN ON EVERY MATCH NEWARK MAN TELLS POLICE

It is costly to view the new courthouse, Charles W. Lohr, 125 Dewey avenue, Newark, yesterday told police. When in Central Union Station, Lohr met two men, who offered to "show him the sights." On the itinerary was the new county building. The two, when in front of the building, suggested "a little penny matching game." Lohr became interested. When the game ended the Newark citizen was shy \$175. He was the odd man on every match, he told police.—Cincinnati Enquirer.

Economy is wealth; but most of us would prefer to get rich in some other way.

## MERCANTILE BUREAU

### WILL AID COUNTY FAIR

The Mercantile Bureau of the Chamber of Commerce last night pledged its best efforts to make the coming Licking county fair a big success and a committee consisting of J. C. Krieg, J. W. Rudledge, S. E. Alban, W. H. Mazey and R. I. Davis was appointed to work with the

county agricultural board to this end.

The meeting of the bureau was well attended and it was the general belief that the agricultural board had made a good move in setting the date for the fair a month earlier this year than former years, when the attendance diminished by unfavorable weather. The merchants of the city realize that by co-operation with the fair officials, by staging new attractions and by united effort the fair can be restored to the prominence it once occupied. One meeting already has been held

with the fair officials, who have asked for the co-operation of Newark business men.

The bureau discussed plans for the annual Farmers and Merchants picnic which last year drew over 30,000 people. An announcement of the date of the picnic will be made next week. The rating book committee reported progress and a recommendation was made that the bureau compile a joint mailing list of the customers in the Newark trade zone and also make a survey of their experiences in various stores as to service.

## SECURITIES
